라벨 원지

The image shows a standard European energy label for a Samsung refrigerator. At the top left is the Ukrainian national flag. To its right is the logo 'ЕНЕРГО' in large blue letters, with the word 'ефективність' (effectiveness) in smaller white letters on a blue background below it. Below the logo, the brand name 'SAMSUNG' and model number 'RS67A8510B1' are printed in bold black text. The central part of the label features a vertical scale of energy efficiency classes from A+++ (top, green) to D (bottom, red). A black arrow points to the A+ class, indicating the refrigerator's energy efficiency. Below this scale, the text 'ЕНЕРГО СПОЖИВАННЯ' (Energy consumption) is printed. To the right of this text, the energy consumption value '419 кВт·г/рік' (kWh/year) is displayed in a large font inside a rounded rectangle. At the bottom, three icons provide additional specifications: a 1L milk carton icon for '402 л' (total capacity), a snowflake icon for '207 л' (frozen compartment capacity), and a speaker icon for '38 дБ' (noise level).
