

Introducing Samsung One

Helping you to deliver success

The Samsung Partner Program is built around three fundamentals:

- 3 The **business growth** you need

Communicate

Samsung One is your one connection to our new business partner program. It provides access to everything you need and keeps you instantly updated with our latest product launches and training materials in order to keep you one step ahead of your competition.

Educate

With our brand new training materials, you will have instant access to a suite of modules via a mobile app as well as on desktop – enabling you to remotely upskill your Samsung knowledge and uncover further opportunities with your customers. Our new training materials are about more than just product. They're packed with content to overcome business challenges and provide new solutions to help you sell more.

Motivate

This program offers your business the chance to become a Samsung champion, providing you with the chance to get your hands on the latest and greatest flagship devices, allowing you to see and experience the latest technology, first.

Incentivise
