Top Features

Quantum Matrix Technology

Quantum Matrix Technology represents a revolution in TV display technology. Samsung has set a new standard in picture quality, delivering incredible detail, deep blacks and brilliant brightness and contrast. ¹

Quantum HDR 24x

Watch your favourite films and shows in extraordinary detail. Quantum HDR 24x helps reveal what you might have missed in particularly dark or light scenes, making them pop with vivid, breathtaking colour. ²

Wireless True Dolby Atmos

Lose yourself in the breathtaking realism of cinematic sound, right in your own home. Your Samsung TV features inbuilt up firing speakers and True Dolby Atmos support to deliver larger-than-life audio experiences. ³

QLED powered by Quantum Dot

Samsung QLED TV's Quantum Dot technology delivers a billion shades of colour and incredible contrast in a variety of lighting conditions - allowing you to discover details you haven't before.

¹ Picture quality will vary depending on quality and resolution of source content.

² The Range of Quantum HDR claims luminance based on internal testing standards and is subject to change according to viewing environment or specific conditions.

³ Source content must be Dolby Atmos® enabled for Dolby Atmos® playback. Samsung define 'True Dolby Atmos' as featuring an upwards-firing directional speaker for three dimensional sound. Wireless Dolby Atmos compatible only for selected Samsung soundbars.
