

Samsung Electronics Co., Ltd. and its Subsidiaries

NOTES TO INTERIM CONSOLIDATED FINANCIAL STATEMENTS

1. General Information

1.1 Company Overview

Samsung Electronics Co., Ltd. (“SEC”) was incorporated under the laws of the Republic of Korea in 1969 and listed its shares on the Korea Stock Exchange in 1975. SEC and its subsidiaries (collectively referred to as the “Company”) operate four business divisions: Consumer Electronics (“CE”), Information technology & Mobile communications (“IM”), Device Solutions (“DS”) and Harman. The CE division includes digital TVs, monitors, air conditioners and refrigerators and the IM division includes mobile phones, communication systems, and computers. The DS division includes products such as Memory, Foundry and System LSI in the semiconductor business (“Semiconductor”), and LCD and OLED panels in the display business (“DP”). The Harman division includes connected car systems, audio and visual products, enterprise automation solutions and connected services. The Company is domiciled in the Republic of Korea and the address of its registered office is Suwon, the Republic of Korea.

These interim consolidated financial statements have been prepared in accordance with Korean International Financial Reporting Standards (“Korean IFRS”) 1110, Consolidated Financial Statements. SEC, as the controlling company, consolidates its 263 subsidiaries including Samsung Display and Samsung Electronics America. The Company also applies the equity method of accounting for its 42 associates, including Samsung Electro-Mechanics.

1.2 Consolidated Subsidiaries

(A) The consolidated subsidiaries as at June 30, 2018 are as follows:

Area	Subsidiaries	Industry	Percentage of ownership ¹
	Samsung Display (SDC)	Manufacture and sale of display panels	84.8
	SU Materials	Manufacture of display components	50.0
	STECO	Manufacture of semiconductor components	70.0
	SEMES	Manufacture of semiconductor/FPD	91.5
	Samsung Electronics Service	Repair services for electronic devices	99.3
	Samsung Electronics Sales	Sale of electronic devices	100.0
	Samsung Electronics Logitech	General logistics agency	100.0
	Samsung Medison	Manufacture and sale of medical equipment	68.5
	Samsung Venture Capital Union #21	Technology business, Venture capital investments	99.0
	Samsung Venture Capital Union #22	Technology business, Venture capital investments	99.0
	Samsung Venture Capital Union #23	Technology business, Venture capital investments	99.0
Domestic	Samsung Venture Capital Union #26	Technology business, Venture capital investments	99.0
	Samsung Venture Capital Union #27	Technology business, Venture capital investments	99.0
	Samsung Venture Capital Union #28	Technology business, Venture capital investments	99.0
	Samsung Venture Capital Union #29	Technology business, Venture capital investments	99.0
	Samsung Venture Capital Union #32	Technology business, Venture capital investments	99.0
	Samsung Venture Capital Union #33	Technology business, Venture capital investments	99.0
	Samsung Venture Capital Union #37	Technology business, Venture capital investments	99.0
	Samsung Venture Capital Union #40	Technology business, Venture capital investments	99.0
	Mirero System	Development and supply of semiconductor process defect and quality control software	99.9
	Growth type private equity trust specialized in semiconductors	Investment on semiconductor industry	66.7
	Harman International Korea	Software development and supply, etc.	100.0
	Red Bend Software Korea	Software development and supply	100.0

¹ Ownership represents the Company’s ownership of the voting rights in each entity, including subsidiaries’ ownerships.

Samsung Electronics Co., Ltd. and its Subsidiaries

NOTES TO INTERIM CONSOLIDATED FINANCIAL STATEMENTS

Area	Subsidiaries	Industry	Percentage of ownership ¹
	Samsung Electronics America (SEA)	Sale of electronic devices	100.0
	NeuroLogica	Medical equipment	100.0
	Samsung Semiconductor (SSI)	Sale of semiconductor/display panels	100.0
	Samsung Electronics Canada (SECA)	Sale of electronic devices	100.0
	Samsung Research America (SRA)	R&D	100.0
	Samsung Mexicana (SAMEX)	Manufacture of electronic devices	100.0
	Samsung International (SII)	Manufacture of TV/monitors	100.0

2. Summary of Significant Accounting Policies

2.1 Basis of Presentation

The interim consolidated financial statements for the six months ended June 30, 2018, have been prepared in accordance with *Korean IFRS 1034, Interim Financial Reporting*. These interim consolidated financial statements have been prepared in accordance with the K-IFRS standards and interpretations effective at the reporting date.

(A) New and amended standards adopted by the Company

The Company applied the following amended and enacted standards for the annual period beginning on January 1, 2018:

Enactment of Korean IFRS 1109, Financial Instruments

The Company has applied *Korean IFRS 1109, Financial Instruments* on January 1, 2018, the date of initial application. In accordance with the transitional provisions in *Korean IFRS 1109*, comparative figures have not been restated.

Enactment of Korean IFRS 1115, Revenue from Contracts with Customers

The Company has elected to apply *Korean IFRS 1115, Revenue from Contracts with Customers* on January 1, 2018, the date of initial application. In accordance with the transitional provisions in *Korean IFRS 1115*, comparative figures have not been restated.

Enactment of Korean IFRIC 2122, Foreign Currency Transaction and Advance Consideration

According to the enactment, the date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, liability, expense or income (or part of it) is the date on which an entity initially recognizes the non-monetary asset or non-monetary liability arising from the payment or receipt of advance consideration. The enactment does not have a significant impact on the consolidated financial statements.

(B) New and amended standards not adopted by the Company

New standards, amendments and interpretations issued but not effective for the financial year beginning January 1, 2018, and not early adopted by the Company, are as follows:

Enactment of Korean IFRS 1116, Leases

Korean IFRS 1116 Leases issued on May 22, 2017 is effective for annual periods beginning on or after January 1, 2019, with early adoption permitted. This standard will replace *Korean IFRS 1017 Leases, Interpretation 2104 Determining whether an Arrangement contains a Lease, Interpretation 2015 Operating Leases-Incentives, and Interpretation 2027 Evaluating the Substance of Transactions Involving the Legal Form of a Lease*.

At inception of a contract, and at the date of initial application, the Company shall assess whether the contract is, or contains, a lease in accordance with the new standard. However, the Company may not need to reassess all contracts at initial application because the Company can elect to apply the practical expedient to contracts entered into before the date of initial application.

Samsung Electronics Co., Ltd. and its Subsidiaries

NOTES TO INTERIM CONSOLIDATED FINANCIAL STATEMENTS

For a contract that is, or contains, a lease, the Company shall account for each lease component within the contract as a lease separately from non-lease components of the contract. A lessee is required to recognize a right-of-use asset representing its right to use the underlying leased asset and a lease liability representing its obligation to make lease payments. The lessee may elect not to apply the requirements to short-term lease (a lease term of 12 months or less at the commencement date) and low value assets (e.g. underlying assets below \$ 5,000). In addition, as a practical expedient, the lessee may elect, by class of underlying asset, not to separate non-lease components from lease components, and instead account for each lease component and any associated non-lease components as a single lease component.

The accounting standard as a lessor did not change significantly from *Korean IFRS 1017 Leases*.

(a) Lessee accounting

A lessee shall apply this standard to its leases either: a) retrospectively to each prior reporting period presented applying *Korean IFRS 1008 Accounting Policies, Changes in Accounting Estimates and Errors* (Full retrospective application) or b) retrospectively with the cumulative effect of initially applying the standard recognized at the date of initial application. The Company has not yet elected an adoption method.

The Company is in the process of performing a preliminary assessment of potential financial impact of applying *Korean IFRS 1116* to the 2018 consolidated financial statements based on available information as at June 30, 2018. The Company plans to perform more detailed analyses on the financial effects based on additional information in the future.

(b) Lessor accounting

The Company expects the effect on the consolidated financial statements from applying *Korean IFRS 1116* will not be significant as accounting for the Company, as a lessor, will not significantly change.

Samsung Electronics Co., Ltd. and its Subsidiaries

NOTES TO INTERIM CONSOLIDATED FINANCIAL STATEMENTS

2.2 Accounting Policies

Significant accounting policies and estimates adopted in the preparation of the interim consolidated financial statements are consistent with those adopted in the preparation of the annual financial statements for the year ended December 31, 2017, except changes in accounting policies applied in the financial year beginning on January 1, 2018 (Note 2.1) and as described below.

(A) Income tax expense

Income tax expense for the interim period is recognized based on management's best estimate of the weighted average annual effective income tax rate expected for the full financial year. The estimated average annual tax rate is applied to the pre-tax income.

(B) Financial assets

(1) Classification

From January 1, 2018, the Company classifies its financial assets in the following measurement categories:

- Those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss)
- Those to be measured at amortized cost

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows.

For financial assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. The Company reclassifies debt investments only when its business model for managing those assets changes.

For investments in equity instruments that are not held for trading, classification will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income. Changes in fair value of the investments in equity instruments that are not accounted for as other comprehensive income are recognized in profit or loss.

(2) Measurement

At initial recognition, the Company measures a financial asset, in the case of a financial asset not at fair value through profit or loss, at its fair value plus transaction costs that are directly attributable to the acquisition of the financial asset or the issuance of the financial liabilities. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Hybrid (combined) contracts with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

a) Debt Instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. The Company classifies its debt instruments into one of the following three measurement categories:

Samsung Electronics Co., Ltd. and its Subsidiaries

NOTES TO INTERIM CONSOLIDATED FINANCIAL STATEMENTS

① Financial assets measured at amortized cost.

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost. A gain or loss on a debt investment that is subsequently measured at amortized cost and is not part of a hedging relationship is recognized in profit or loss when the asset is derecognized or impaired. Interest income from these financial assets is included in 'Financial income' using the effective interest rate method.

② Financial assets measured at fair value through other comprehensive income

Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income. Movements in the carrying amount are taken through other comprehensive income, except for the recognition of impairment loss (reversal of impairment loss), interest income and foreign exchange gains and losses which are recognized in profit or loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in other comprehensive income is reclassified from equity to profit or loss. Interest income from these financial assets is included in 'Financial income' using the effective interest rate method. Foreign exchange gains and losses are presented in 'Financial income and expenses' and impairment losses are presented in 'Other non-operating expenses'.

③ Financial assets measured at fair value through profit or loss

Assets that do not meet the criteria for amortized cost or fair value through other comprehensive income are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognized in profit or loss and presented in the statement of profit or loss within 'Other non-operating income and expenses' in the year in which it arises.

b) Equity Instruments

The Company subsequently measures all equity investments at fair value. Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss following the derecognition of the investment. When the financial asset is derecognized, the cumulative gain or loss previously recognized in other comprehensive income is reclassified from equity to retained earnings. Dividend income from such investments continue to be recognized in profit or loss as 'Other non-operating income' when the right to receive payments is established.

Changes in the fair value of financial assets at fair value through profit or loss are recognized in 'Other non-operating income and expenses' in the statement of profit or loss as applicable. Impairment loss (reversal of impairment loss) on equity investments measured at fair value through other comprehensive income are not reported separately from other changes in fair value.

(3) Impairment

The Company assesses on a forward looking basis the expected credit losses associated with its debt instruments carried at amortized cost and fair value through other comprehensive income. The impairment methodology applied depends on whether there has been a significant increase in credit risk. For trade receivables, the Company applies the simplified approach, which requires expected lifetime losses to be recognized from initial recognition of the receivables.

Samsung Electronics Co., Ltd. and its Subsidiaries

NOTES TO INTERIM CONSOLIDATED FINANCIAL STATEMENTS

(C) Financial Liabilities

(1) Classification and Measurement

The Company shall classify all financial liabilities as financial liabilities measured subsequently at amortized cost, except for

- Financial liabilities at fair value through profit or loss. Such liabilities, including derivatives that are liabilities, shall be subsequently measured at fair value.
- Financial liabilities that arise when a transfer of a financial asset does not qualify for derecognition or when the continuing involvement approach applies. Such financial liabilities are measured based on the methodology described in Note 2.2 (B).
- Financial guarantee contracts. After initial recognition, an issuer of such a contract shall subsequently measure it at the higher of:
 - (a) The amount of the loss allowance determined on lifetime expected credit losses.
 - (b) The amount initially recognized less, when appropriate, the cumulative amount of income recognized in accordance with the principles of *Korean IFRS 1115*.
- Commitments to provide a loan at a below-market interest rate. An issuer of such a commitment shall subsequently measure it at the higher of:
 - (a) The amount of the loss allowance determined on lifetime expected credit losses.
 - (b) The amount initially recognized less, when appropriate, the cumulative amount of income recognized in accordance with the principles of *Korean IFRS 1115*.
- Contingent consideration recognized by an acquirer in a business combination to which *Korean IFRS 1103* applies. Such contingent consideration shall subsequently be measured at fair value with changes recognized in profit or loss.

(D) Revenue recognition

The Company applied *Korean IFRS 1115* to the annual period beginning January 1, 2018. The Company shall recognize revenue in accordance with *Korean IFRS 1115* by applying the following 5 steps: ① Identify the contracts with the customers, ② Identify the separate performance obligations, ③ Determine the transaction price of the contract, ④ Allocate the transaction price to each of the separate performance obligations, and ⑤ Recognize the revenue as each performance obligation is satisfied.

(1) Identification of performance obligations

The Company exports various products and merchandise in accordance with Incoterms Group C trading conditions (Incoterms CIF, etc.). According to *Korean IFRS 1115*, since the seller provides the shipping service after control of the product or merchandise has been transferred to the customer, the shipping service (including insurance) is recognized as a separate performance obligation.

(2) A performance obligation is satisfied over time

The Company delivers products to customers and installs them in accordance with the system air conditioner contracts awarded by the Public Procurement Service. According to *Korean IFRS 1115*, the Company can recognize revenue over time if the Company creates or enhances an asset (for example, work in progress) that the customer controls as the asset is created or enhanced. The Company recognizes the revenue from system air conditioner installation over time as the customer controls the outcome of the service.

Samsung Electronics Co., Ltd. and its Subsidiaries

NOTES TO INTERIM CONSOLIDATED FINANCIAL STATEMENTS

(3) Variable consideration

The Company estimates an amount of variable consideration by using the expected value which the Company expects to better predict the amount of consideration. The Company recognizes variable consideration only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognized will not occur when the refund period has lapsed. The refund liability is measured at the amount of consideration received for which the Company does not expect to be entitled. The Company has a right to recover the product from the customer where the customer exercises his right of return and recognizes an asset and a corresponding adjustment to cost of sales. The asset is measured by reference to the former carrying amount of the product less the costs to recover the products.

(4) Allocation of the transaction price

The transaction price in an arrangement must be allocated to each separate performance obligation based on the relative standalone selling prices of the goods or services being provided to a customer. The Company determines the standalone selling price for each separate performance obligation by using methods such as the ‘adjusted market assessment approach’.

2.3 Change of Accounting Policies

(A) Korean IFRS 1109, Financial Instruments

The Company has applied *Korean IFRS 1109, Financial Instruments*, for the first time for their annual reporting period commencing January 1, 2018. In accordance with the transitional provisions in *Korean IFRS 1109*, comparative figures have not been restated. The application of *Korean IFRS 1109* has the following impacts on the consolidated financial statements.

(1) Classification and measurement of financial instruments

- a) On the date of initial application, January 1, 2018, the financial instruments of the Company subject to reclassifications were as follows:

(In millions of Korean won)	Category		Carrying amount	
	<i>Korean IFRS</i> <i>1039</i>	<i>Korean IFRS</i> <i>1109</i>	<i>Korean IFRS</i> <i>1039</i>	<i>Korean IFRS</i> <i>1109</i>
Financial Assets				
Cash and cash equivalents	Loans and receivables	Amortized cost	₩ 30,545,130	₩ 30,545,130
Short-term financial instruments	Loans and receivables	Amortized cost	49,447,696	49,447,696
Short-term available-for-sale financial assets	Available-for-sale financial assets	Amortized cost	3,191,375	3,191,375
Trade receivable	Loans and receivables	Amortized cost	27,695,995	27,695,995
Long-term available-for-sale financial assets	Available-for-sale financial assets	Fair value through other comprehensive income	7,752,180	7,151,434
		Fair value through profit or loss		600,746
Held-to-maturity financial assets	Held-to-maturity financial assets	Amortized cost	106,751	106,751
Other	Assets at fair value through profit or loss	Fair value through profit or loss	67,702	67,702
	Loans and receivables	Amortized cost	6,212,727	6,212,727
	Other financial assets	Other financial assets	45,396	45,396
Total			₩125,064,952	₩125,064,952

Samsung Electronics Co., Ltd. and its Subsidiaries

NOTES TO INTERIM CONSOLIDATED FINANCIAL STATEMENTS

For financial liabilities, the Company has reclassified financial liabilities at fair value through profit or loss into fair value through profit or loss, and financial liabilities at amortized cost into amortized cost.

- b) The impact of the reclassification of financial instruments on the Company's equity as at January 1, 2018, is as follows:

<i>(In millions of Korean won)</i>	Retained Earnings	Other components of equity		
		Unrealized gains or losses on available-for-sale financial assets	Gains or losses on financial assets at fair value through other comprehensive income	Share of other comprehensive income of associates and joint ventures
Balance as at January 1 – Korean IFRS 1039	₩ 215,811,200	₩ 1,879,774	₩ -	₩ 40,394
Adjustments :				
From available-for-sale financial assets to financial assets at fair value through profit or loss	75,547	(75,547)	-	-
From available-for-sale financial assets to financial assets at fair value through other comprehensive income	105,618	(1,804,227)	1,698,609	-
Investments in associates and joint ventures	80,225	-	-	(80,569)
Total	₩ 261,390	₩ (1,879,774)	₩ 1,698,609	₩ (80,569)
Balance as at January 1 – Korean IFRS 1109	₩ 216,072,590	₩ -	₩ 1,698,609	₩ (40,175)

(2) Impairments of Financial Assets

The Company has three types of financial assets subject to *Korean IFRS 1109*'s new expected credit loss model:

- Trade receivables arising from sales of inventories,
- Debt instruments measured at fair value through other comprehensive income, and
- Debt instruments measured at amortized cost.

Upon adoption of *Korean IFRS 1109*, accounting policies for recognition of impairment have changed. For trade receivables, the Company applies the practical expedient to provide for expected credit losses prescribed by *Korean IFRS 1109*, which requires the use of the lifetime expected loss provision for all trade receivables. The impact of the change in impairment methodology on the Company's consolidated financial statements is not material.

(3) Hedge Accounting

The Company held foreign currency forward contract hedges as of January 1, 2018, which qualified as cash flow hedges under *Korean IFRS 1109*. The Company's risk management strategies and hedge documentation are aligned with the requirements of *Korean IFRS 1109* and are thus treated as continuing hedges.

Samsung Electronics Co., Ltd. and its Subsidiaries

NOTES TO INTERIM CONSOLIDATED FINANCIAL STATEMENTS

(B) *Korean IFRS 1115, Revenue from Contracts with Customers*

The Company has applied *Korean IFRS 1115, Revenue from Contracts with Customers*, for the first time for their annual reporting period commencing January 1, 2018. In accordance with the transitional provisions in *Korean IFRS 1115*, comparative figures have not been restated. The application of *Korean IFRS 1115* has the following impact on the consolidated financial statements.

- (1) The following adjustments were made to the amounts recognized in the statements of financial position at the date of initial application (January 1, 2018):

<i>(In millions of Korean won)</i>	Amount before application of Korean IFRS 1115	Adjustments	Amount after application of Korean IFRS 1115
Trade receivables	₩ 27,695,995	₩ 6,983,845	₩ 34,679,840
Prepaid expenses	3,835,219	188	3,835,407
Inventories	24,983,355	(139,546)	24,843,809
Other current assets	1,421,060	143,866	1,564,926
Investments in associates and joint ventures	6,802,351	(41,214)	6,761,137
Total assets	₩ 301,752,090	₩ 6,947,139	₩ 308,699,229
Accrued expenses	₩ 13,996,273	₩ 6,462,176	₩ 20,458,449
Other current liabilities	403,139	526,177	929,316
Total liabilities	₩ 87,260,662	₩ 6,988,353	₩ 94,249,015
Retained earnings	₩ 215,811,200	₩ (41,214)	₩ 215,769,986
Total equity	₩ 214,491,428	₩ (41,214)	₩ 214,450,214

- (2) Consolidated financial statement line items affected by the adoption of *Korean IFRS 1115* in the current period are as follows:

a) Consolidated statements of financial position

<i>(In millions of Korean won)</i>	Amount before application of Korean IFRS 1115	Adjustments	Amount after application of Korean IFRS 1115
Trade receivables	₩ 28,225,354	₩ 6,787,706	₩ 35,013,060
Prepaid expenses	4,196,128	(194)	4,195,934
Inventories	27,536,333	(177,566)	27,358,767
Other current assets	1,616,135	178,061	1,794,196
Investments in associates and joint ventures	6,925,306	(30,351)	6,894,955
Total assets	₩ 311,930,724	₩ 6,757,656	₩ 318,688,380

Income tax expense	8,847,743	3,044	8,850,787
Profit for the period	22,724,137	7,819	22,731,956
Total comprehensive income for the period	24,873,229	7,819	24,881,048

Applying *Korean IFRS 1115, Revenue from Contracts with Customers*, did not impact the cash flows from operating activities, cash flows from investing activities, cash flows from financing activities, and total cash flows for the six months ended June 30, 2018.

Contract liabilities as at June 30, 2018 amount to ₩6,980,719 million (as at January 1, 2018: ₩7,140,266 million), which are included in advances received, accrued expenses, other current liabilities and others.

2.4 Convenience Translation into United States Dollar Amounts

The Company operates primarily in Korean won and its official accounting records are maintained in Korean won. The US dollar amounts provided in the consolidated financial statements represent supplementary information solely for the convenience of the reader. All Korean won amounts are expressed in US dollars at the rate of ₩1075.44 to US \$1, the average exchange rate for the six month period ended in June 30, 2018. Such presentation is not in accordance with generally accepted accounting principles, and should not be construed as a representation that the Korean won amounts shown could be readily converted, realized or settled in U.S. dollars at this or at any other rate.

2.5 Critical Accounting Estimates and Assumptions

In preparing the interim consolidated financial statements, the management of the Company makes estimates and assumptions on matters which affect the application of policies and reported amounts of assets, liabilities, income and expenses. Estimates and assumptions are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The resulting accounting estimates, by definition, seldom equal the related actual results.

Critical accounting estimates and assumptions made in the preparation of the interim consolidated financial statements are consistent with those made in the preparation of the annual consolidated financial statements for the year ended December 31, 2017, except for the estimation methodologies applied in deriving corporate income tax and accounting estimates and assumptions for implementation of *Korean IFRS 1109* and *Korean IFRS 1115*.

(A) Impairment of financial assets

The provision for impairment of financial assets under *Korean IFRS 1109, Financial Instruments*, are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation based on the Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

Samsung Electronics Co., Ltd. and its Subsidiaries

14. Commitments and Contingencies

(A) Guarantees

Details of guarantees of debt provided by the Company as at June 30, 2018 and December 31, 2017 are as follows:

<i>(In millions of Korean won)</i>	June 30, 2018		December 31, 2017	
Guarantees of debt for housing rental ¹	₩	32,529	₩	49,937

¹ The maximum amount of debt guarantee provided by the Company for employees seeking a first home mortgage from financial institutions is ₩106,044 million.

(B) Litigation

- (1) The Company and Apple have agreed to settle Apple's design and utility patent litigation in the United States as at the reporting date.
- (2) The Company is involved in claims, disputes, and investigations conducted by regulatory bodies at the reporting date, including civil claims from some overseas buyers for price-fixing related to the sale of TFT-LCD. Although the outflow of resources and timing of these matters are uncertain, the Company believes the outcome will not have a material impact on the financial condition of the Company.
- (3) In addition during the normal course of business with numerous companies, the Company has been involved in various claims, disputes, and investigations conducted by regulatory bodies. Although the outflow of resources and timing of these matters are uncertain, as at the reporting date, the Company believes the outcome will not have a material impact on the financial condition of the Company.

(C) Other commitments

Samsung Display entered into a collaboration agreement with Corning Incorporated on October 23, 2013 that includes a condition relating to mutual loss preservation which can cause inflows or outflows of future economic benefits and the Company has recorded an estimated liability as a result of this commitment as at June 30, 2018.

Samsung Electronics Co., Ltd. and its Subsidiaries

NOTES TO INTERIM CONSOLIDATED FINANCIAL STATEMENTS

15. Share Capital

As at June 30, the Company's total number of authorized shares has been changed from 500,000,000 shares (₩5,000 per share) to 25,000,000,000 shares (₩100 per share). The Company has issued 6,419,324,700 shares of ordinary shares and 903,629,000 shares of preference shares as at June 30, 2018, excluding retired shares. Due to the retirement of shares, the total par value of the shares issued is ₩732,295 million (ordinary shares ₩641,932 million and preference shares ₩90,363 million), which does not agree with paid-in capital of ₩897,514 million.

16. Retained Earnings

NOTES TO INTERIM CONSOLIDATED FINANCIAL STATEMENTS

25. Financial Risk Management

The Company's financial risk management focuses on minimizing market risk, credit risk, and liquidity risk arising from operating activities. To mitigate these risks, the Company implements and operates a financial risk policy and program that closely monitors and manages such risks. In addition, the Company uses derivatives to hedge certain risk exposure.

The finance team mainly carries out the Company's financial risk management. With the cooperation of the Company's divisions, domestic and foreign subsidiaries, the finance team periodically measures, evaluates and hedges financial risk and also establishes and implements the global financial risk management policy.

The Company also operates local finance centers in accordance with global financial risk management across major regions including the United States, United Kingdom, Singapore, China, Brazil and Russia.

The Company's financial assets that are under financial risk management are comprised of cash and cash equivalents, short-term financial instruments, financial assets at amortized cost, financial assets at fair value through other comprehensive income, financial assets at fair value through profit or loss, trade receivables and other financial assets. The Company's financial liabilities under financial risk management are comprised of trade payables, borrowings, debentures, and other financial liabilities.

(A) Market risk

(1) Foreign exchange risk

Revenues and expenses arise from foreign currency transactions and exchange positions, and the most widely used currencies are the US Dollar, EU's Euro, Japanese Yen and Indian Rupee.

To minimize foreign exchange risk arising from operating activities, the Company's foreign exchange management policy requires normal business transactions to be in local currency or for the cash-in currency to be matched up with the cash-out currency. In addition, the Company makes use of derivatives to minimize uncertainty of cash flows and fluctuation of profit or loss occurring from foreign exchange risk. The Company's foreign exchange risk management policy also defines foreign exchange risk, measuring period, controlling responsibilities, management procedures, hedging period and hedge ratio.

The Company limits all speculative foreign exchange transactions and operates a system to manage receivables and payables denominated in foreign currency. It evaluates, manages and reports foreign currency exposures to receivables and payables.

(2) Price risk

The Company's investment portfolio consists of direct and indirect investments in equity instruments classified as financial assets at fair value through other comprehensive income, which is in line with the Company's strategy.

As at June 30, 2018 and December 31, 2017, a price fluctuation in relation to marketable equity securities by 1% would result in changes in other comprehensive income (before income tax) of ₩32,149 million and ₩29,086 million, respectively.

Samsung Electronics Co., Ltd. and its Subsidiaries

NOTES TO INTERIM CONSOLIDATED FINANCIAL STATEMENTS

(3) Interest rate risk

Risk of changes in interest rates for floating interest rate financial instruments is defined as the risk that the fair value of components of the statement of financial position, and future cash flows of interest income (expenses) of a financial instrument, will fluctuate because of changes in market interest rates. The Company's position with regard to interest rate risk exposure is mainly driven by its floating interest rate debt obligations and interest-bearing deposits. The Company implemented policies and operates to minimize uncertainty arising from changes in interest rates and financial expenses.

In order to avoid interest rate risk, the Company maintains minimum external borrowings by facilitating cash pooling systems on a regional and global basis. The Company manages exposed interest rate risk via periodic monitoring and handling risk factors on a timely basis.

(B) Credit risk

Credit risk arises during the normal course of transactions and investing activities where clients or other parties fail to discharge an obligation. The Company monitors and sets the client's and counterparty's credit limit on a periodic basis based on the client's and counterparty's financial conditions, default history and other important factors. Adequate insurance coverage is maintained for accounts receivables related to trading partners situated in higher risk countries.

Credit risk can arise from transactions with financial institutions which include financial instrument transactions such as cash and cash equivalents, savings, and derivative instruments. To minimize such risk, the Company transacts only with banks which have strong international credit rating (S&P A and above), and all new transactions with financial institutions with no prior transaction history are approved, managed and monitored by the Company's finance team and the local finance center. The Company requires separate approval for contracts with restrictions.

As at June 30, 2018 and December 31, 2017, the Company estimates that its maximum exposure to credit risk is the carrying amount of its financial assets, net of impairment losses.

(C) Liquidity risk

Due to large investments made by the Company, maintaining adequate levels of liquidity risk is critical. The Company strives to achieve this goal by periodically forecasting its capital balance, estimating required cash levels, and managing income and expenses.

The Company manages its liquidity risk by periodically forecasting projected cash flows. If abnormal signs are identified, the Company works with the local finance center and provides liquidity support by utilizing a globally integrated finance structure, such as Cash Pooling. In addition, the Company maintains a liquidity management process which provides additional financial support by the local finance center and the Company. The Cash Pooling program allows sharing of surplus funds among entities and contributes to minimizing liquidity risk and strengthening the Company's competitive position by reducing capital operation expenses and financial expenses.

In addition, the Company mitigates liquidity risk by contracting with financial institutions with respect to bank overdrafts and foreign trade finance, and by providing payment guarantees to subsidiaries. For large scale facility investments, liquidity risk is minimized by utilizing internal reserves and long term borrowings according to the capital injection schedule.

Samsung Electronics Co., Ltd. and its Subsidiaries

NOTES TO INTERIM CONSOLIDATED FINANCIAL STATEMENTS

(D) Capital risk management

The purpose of capital management is to maintain a sound capital structure. The Company monitors capital on the basis of the ratio of total liabilities to total equity. This ratio is calculated by dividing total liabilities by total equity in the financial statements.

The Company's capital risk management policy has not changed since the previous financial year. The Company has maintained an AA- and Aa3 credit rating from S&P and Moody's, respectively.

The total liabilities to equity ratios as at June 30, 2018 and December 31, 2017 are as follows:

<i>(In millions of Korean won)</i>	June 30, 2018	December 31, 2017
Total liabilities	₩ 85,563,535	₩ 87,260,662
Total equity	233,124,845	214,491,428
Total liabilities to equity ratio	36.7%	40.7%

Samsung Electronics Co., Ltd. and its Subsidiaries

Other	-	123,659	6,529	130,188

<i>(In millions of Korean won)</i>	December 31, 2017			
	Level 1	Level 2	Level 3	Total balance
1) Assets				
Short-term available-for-sale financial assets	₩ -	₩ 3,191,375	₩ -	₩ 3,191,375
Long-term available-for-sale financial assets	2,908,581	-	3,652,574	6,561,155
Other	-	113,098	-	113,098
2) Liabilities				
Other payables	₩ -	₩ -	₩ 316,928	₩ 316,928
Debentures	-	978,643	-	978,643
Long-term other payables	-	-	28,285	28,285
Other	-	215,307	6,705	222,012

The levels of the fair value hierarchy and its application to financial assets and liabilities are described below.

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly
- Level 3: Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs)

The fair value of financial instruments traded in active markets is based on quoted market prices at the statement of financial position date. A market is regarded as active if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis. The quoted market price used for financial assets held by the Company is the current bid price. These instruments are included in Level 1. The instruments included in Level 1 are listed equity investments most of which are classified as financial assets at fair value through other comprehensive income.

The fair value of financial instruments that are not traded in an active market (for example, over-the-counter derivatives) is determined by using valuation techniques. These valuation techniques maximize the use of observable market data where it is available and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

Samsung Electronics Co., Ltd. and its Subsidiaries

NOTES TO INTERIM CONSOLIDATED FINANCIAL STATEMENTS

If one or more of the significant inputs are not based on observable market data, the instrument is included in Level 3.

The Company performs the fair value measurements required for financial reporting purposes, including Level 3 fair values and discusses valuation processes and results at least once every quarter in line with the Company's quarterly reporting dates. The Company's policy is to recognize transfers between levels at the end of the reporting period, if corresponding events or changes in circumstances have occurred.

Specific valuation techniques used to value financial instruments include:

- Quoted market prices or dealer quotes for similar instruments
- The fair value of forward foreign exchange contracts is determined using forward exchange rates at the statement of financial position date, with the resulting value discounted back to present value

Other techniques, such as discounted cash flow analysis, are used to determine fair value for the remaining financial instruments. For trade and other receivables, the book amount approximates a reasonable estimate of fair value.

(3) Valuation technique and the inputs

The Company utilizes a present value technique to discount future cash flows using a proper interest rate for corporate bonds, government and public bonds, and bank debentures that are classified as Level 2 in the fair value hierarchy.

The following table presents the valuation technique and the inputs used for major financial instruments classified as Level 3.

(In millions of Korean won)

Classification	Fair Value	Valuation Technique	Level 3 Inputs	Input Range (Weighted Average)
Financial assets at fair value through other comprehensive income				
Maltani	₩ 14,688	Discounted cash flow	Permanent growth rate Weighted average cost of capital	-1.00% ~ 1.00% (0%) 6.40%-8.40%(7.40%)
Samsung Venture Investment	7,660	Discounted cash flow	Permanent growth rate Weighted average cost of capital	-1.00% ~ 1.00% (0%) 20.43%~22.43%(21.43%)
Corning Incorporated convertible preference shares	3,481,142	Trinomial model	Risk adjusted discount rate Price volatility	5.88% ~ 7.88% (6.88%) 26.0% ~ 32.0%(29.0%)
Long-term other payables

NOTES TO INTERIM CONSOLIDATED FINANCIAL STATEMENTS

(4) Changes in Level 3 instruments:

<i>(In millions of Korean won)</i>	2018	2017
Financial Assets		
Balance as at January 1	₩ 3,652,574	₩ 3,464,272
Acquisitions	166,606	-
Disposals	(38,403)	-
Amount recognized in profit or loss	(3,594)	-
Amount recognized in other comprehensive income	(144,264)	273,864
Other	1,177,828	-
Balance as at June 30	₩ 4,810,747	₩ 3,738,136

<i>(In millions of Korean won)</i>	2018	2017
Financial Liabilities		
Balance as at January 1	₩ 351,918	₩ 342,702
Settlement	(322,920)	(2,258)
Amount recognized in profit or loss	5,992	(12,643)
Acquisition in the business combination	-	39,083
Other	1,152	(579)
Balance as at June 30	₩ 36,142	₩ 366,305

(5) Sensitivity analysis for recurring fair value measurements categorized within Level 3

Sensitivity analysis of financial instruments is performed to measure favorable and unfavorable changes in the fair value of financial instruments which are affected by the unobservable parameters, using a statistical technique. When the fair value is affected by more than two input parameters, the amounts represent the most favorable or most unfavorable.

The results of the sensitivity analysis for the effect on profit or loss (before tax amount for other comprehensive income or loss) from changes in inputs for significant financial instruments categorized within Level 3 and subject to sensitivity analysis, are as follows:

<i>(In millions of Korean won)</i>	Favorable Changes		Unfavorable Changes	
	Profit or Loss	Equity	Profit or Loss	Equity
Financial assets at fair value through other comprehensive income ¹	₩ -	₩ 125,784	₩ -	₩ (130,512)
Total	₩ -	₩ 125,784	₩ -	₩ (130,512)

¹ For equity instruments, changes in fair value are calculated with the correlation among growth rate (-1%~1%), volatility (26.0%~32.0%) and discount rate, which are significant unobservable inputs.

Samsung Electronics Co., Ltd. and its Subsidiaries

NOTES TO INTERIM CONSOLIDATED FINANCIAL STATEMENTS

26. Segment Information

(A) Operating segment information

The chief operating decision maker has been identified as the Management Committee. The Company determines operating segments based on the units reported to the Management Committee. The Management Committee reviews operating profits of each operating segment in order to assess performance and to make strategic decisions regarding allocation of resources to the segment.

The operating segments are product-based and are identified based on the internal organization and revenue streams. As at the reporting date, the operating segments are comprised of CE, IM, Semiconductor, DP, Harman and others.

The segment information for each reporting period such as depreciation, amortization of intangible assets, and operating profit is prepared after the allocation of internal transaction adjustments. Total assets and liabilities of each operating segment are excluded from the disclosure as these have not been provided regularly to the Management Committee.
