

SAMSUNG

Wind-Free™

Comfortably cool. Surprisingly still.

With thousands of micro-holes that spread fresh air gently and evenly throughout any room, the Wind-Free™ range allows you to live, work and relax comfortably without experiencing unpleasant cold drafts.

Comfortably cool. Surprisingly still.

Samsung's Wind-Free™ range uses innovative technologies to provide new levels of comfort to any space – so you can experience ultimate well-being no matter where you are or what you are doing.

Wind-Free™ Cooling technology uses thousands of micro-holes to spread fresh air evenly without any unpleasant cold drafts. In Wind-Free™ mode air is spread softly and silently, allowing you to enjoy minimal noise for maximum comfort.

Smart Operation

The Wind-Free™ Wall-Mount with AI Auto Comfort³ introduces you to an intelligent way of living. It analyses your room conditions and usage patterns⁴, and then automatically adjusts the temperature. With all Wind-Free™ units, temperatures can also be managed remotely using the SmartThings App⁵. Turning it on and off, selecting the cooling mode or scheduling its operation is just one touch away.

How Samsung Wind-Free™ works

Step 1

The panel opens, and Fast Cooling mode cools the room quickly from corner to corner.

Step 2

The set temperature is reached in Fast Cooling mode, and the panel closes.

Step 3

Wind-Free™ mode spreads fresh air uniformly through thousands of micro-holes.

Wind-Free™ Cooling

Wind-Free™ technology enhances your indoor comfort by using thousands of micro-holes to disperse fresh air uniformly without any unpleasant blasts of cold wind. In Wind-Free™ mode, air is spread softly and silently, creating a 'Still Air' environment² that provides you total well-being day and night.

Energy Efficiency

Samsung's compressor with Digital Inverter technology helps you to save on energy consumption by cooling quickly without wasting energy, while keeping vibrations and noise levels to a minimum. The Motion Detect Sensor (MDS) cools the room efficiently by self-regulating the air conditioner's activity when nobody is present.

The available range

NEW

Wind-Free™ Wall-Mount

Available in Residential and Multi Split ranges in capacities from 2.0 up to 6.8 kW.¹

A+++ | A+++

Wind-Free™ 1-Way Cassette

Available in Multi Split, Commercial and VRF ranges in capacities from 1.7 up to 7.1 kW.¹

Wind-Free™ 4-Way Cassette

Available in Multi Split, Commercial and VRF ranges in capacities from 1.7 up to 14.0 kW.¹

Wind-Free™ Wall-Mount

The new Samsung Wind-Free™ Wall-Mount range has a rectangular and clean silhouette. The unit fits harmoniously into any space, ranging from residential use to light commercial applications. It provides intelligent home climate comfort thanks to smart controls that adapt to your personal preferences, automatically maintaining optimal conditions.

R32 Refrigerant

Energy labels as shown are based on 9% Btu version of Wind-Free™ Elite and are according to EU No 626/2011 (LOT10) label classification 2019, on a scale from D to A+++. Samsung Wind-Free™ air conditioners contain fluorinated greenhouse gases R32 (GWP = 675) and/or R410A (GWP = 2088).¹ Contact your local Samsung representative for complete product information. ²ASHRAE (American Society of Heating, Refrigerating, and Air-Conditioning Engineers) defines "Still Air" as air currents at speeds below 0.15m/s which lacks the presence of cold drafts. ³A Wi-Fi connection and Samsung SmartThings application account are required. ⁴Stores user data, preferences and usage patterns to suggest the most useful options. ⁵Available on Android and iOS devices. A Wi-Fi connection and Samsung SmartThings application account are required. Wi-Fi Kit to be ordered separately for 1-Way Cassette and 4-Way Cassette. Some described features may be subject to the execution or may be optional.

Wind-Free™ 1-Way Cassette

With its short height and slim design the 1-Way Cassette makes installation easy for a variety of applications like hotel rooms and offices. Its large and optimised blade works to cool areas fast and efficiently, with no zone left untouched.
