<sup>1</sup>Bixby is Samsung's brand of Internet of Things (IoT) voice assistant. Its service availability may vary depending on the country, language, and dialect. Appliances must be connected to the refrigerator via the SmartThings App and using the same Samsung account. <sup>2</sup>You can select the door opening level using the SmartThings App. A Wi-Fi connection and a Samsung account are required. The "Wide-open" option automatically opens the door by an angle of 80 degrees or more, but the door does not close automatically. The "Semi-open" option reduces the force required to open the door, and automatically closes the door after a certain period of time if the door is left open. The actual angle that the doors open may vary due to the installation circumstances and usage conditions, like storing heavy items in the door bins. <sup>3</sup>Redemption of free "Touch 'n Go eWallet credit" valid from 1 April - 15 July 2026 and may vary depending on purchase platforms, whether in-store or online. <sup>4</sup>Mix & match with any Samsung products in different category with "Football" bonus. <sup>5</sup>RS90F65ANF / RS90F65DNF / RS80F65GNF / RS70F65KNF / RS80F65MNF / RS70F65QNF / RS70F65QNW.
