¹You can select the door opening level using the SmartThings App. A Wi-Fi connection and a Samsung account are required. The 'Wide-open' option automatically opens the door by an angle of 80 degrees or more, but the door does not close automatically. The 'Semi-open' option reduces the force required to open the door, and automatically closes the door after a certain period of time if the door is left open. The actual angle that the doors open may vary due to the installation circumstances and usage conditions, like storing heavy items in the door bins. ²Viewing experience may vary according to types of content and format. Upscaling may not apply to PC connection and Game Mode. ³TV requires a separate power cable connection. Operating distance can vary depending on the surrounding environment. Wireless One Connect may not work well if there is an obstruction, such as a wall, hindering its connection to the TV within your home. Wireless One Connect box may not work properly if placed inside a closed metal cabinet. ⁴UL's verification validates the 'Glare Free' claim by assessing the products against Unified Glare Rating (UGR) testing standard set by the International Commission on Illumination (CIE) and testing standard set by the International Organization for Standardization. ⁵Redemption of free Touch 'n Go eWallet credit and Free Gifts valid from 1 January - 15 April 2026 and may vary depending on purchase platforms, whether in-store or online. ⁶Mix & match with any Samsung products in different category with "Gift Envelope" bonus. ⁷RS90F65ANF / RS90F65DNF / RS80F65GNF / RS70F65KNF / RS80F65MNNW / RS70F65QNNF / RS70F65QNNW.
