OLED Glare Free, No more distractions

Deep blacks, clean whites, and lively colours

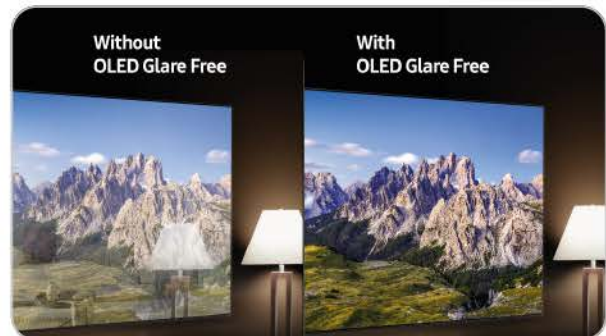

Samsung OLED Technology

Cutting-edge self-illuminating pixels and our new NQ4 AI Gen2 Processor optimise your favourite TV shows and movies in unrivalled 4K resolution. Experience a more accurate picture that brings colours to life with our unique OLED colour-mapping and brightness-boosting technologies.

Don't let screen glare steal the show

OLED Glare Free¹

Samsung OLED reduces reflections from light sources, whether from the sun or lamps, so you maintain a clear view of its deep blacks and vivid colours. Now you can enjoy your favorite movies and shows without worrying about distracting reflections.

Uncover each subtle detail as you watch

OLED HDR Pro² (2.3x brighter than OLED HDR)

Catch the intricate details that immerse you deeper inside the story. Whether you're watching on intensely bright or dark scene, our NQ4 AI Gen2 Processor uses brightness-boosting technologies and OLED HDR to give you a clear view of what's happening.

¹Verified as Glare-Free by UL based on the verification methods used by UL. For more information on the verification methods used, please visit <https://verify.ul.com/verifications/1310>. Glare Free[®] terminology comes from the UL standards for certification and may not accurately describe the feature's performance. ²The range of HDR luminance is based on internal testing standards and subject to change according to viewing conditions or specifications. Images are for illustration purposes only. Terms and conditions apply.
Samsung Malaysia Electronics (SME) Sdn. Bhd. 200301026766 (629186-D)

Why go big screen?

Everything looks better when it's bigger.

Miss no action with our supersized screen

Supersize Picture Enhancer

AI-driven upscaling, noise reduction, sharpness reinforcement and intelligent black enhancement technologies all work together to deliver an optimal picture tailored for a supersized screen.

Experience the thrills of the stadium from your couch

Big inch TVs bring the excitement of live action into your living room with clear and brilliant picture quality.

Immerse yourself in the cinematic experience

Watch your favourite movies come to life on a super screen. A luxurious viewing experience with vivid details and rich colours.
