

Samsung Solve for Tomorrow Application Form

Please provide thorough and accurate answers before submitting your application.

1. Your Information

- **Name (required):**
- **Gender:** Female Male I prefer not to identify
- **Secondary (required):** 1 2 3
- **Contact E-mail (required):** Your email address
- **Contact Phone Number:** Your phone number

2. Team Information

- **Team Name (required):**
- **Number of Team Members (required):** 2 3 4 5
- **School Name (required):**
- **School Address:** Full Address

3. The Solve for Tomorrow

- **How did you come across with the program? (required):** Video Ad
 Instagram Facebook Poster/Flyer Samsung Website Word of Mouth
 Others: Please specify
- **Have you participated in Solve for Tomorrow in the past? (required):** Yes No
- **If yes, when did you participate (year):** 2025 2024 2023 Before 2023

Samsung Solve for Tomorrow Activity Plan

Please outline how you and your team will execute your solution to address the contest challenge:

["Show how STEM can be applied to help improve your local community."](#)

Please note that you and your team will continue to execute and develop based on the submitted idea.

Concept Overview:

Describe the problem you will address and your solution.

Provide details on how you will use STEM in this solution. (200 words max)

(Abbreviated Example: Living in an area with a water shortage puts a lot of strain on the students and the surrounding community. The main idea of the project is to develop a greywater storage system to counter severe water shortages within the local community. We will use physics principles, design methods, and environmental studies to come up with the best solution.)

Activities:

Please describe in detail the objective of your project and the activities your students will participate in to achieve your anticipated goals. (200 words max)

(Abbreviated Example: Students will go on a field trip to a local water treatment plant/University to meet with professionals in the field of water filtration. Students will conduct research, map their data and observe if patterns exist. Students will then compare different variations of water filtration and construct a working prototype of the greywater containment unit.)

Community Impact:

What is the anticipated improvement to your local community? (200 words max)

(Abbreviated Example: Developing a greywater collection program to this problem will help relieve daily stress and financial difficulties faced by the community as a whole. We anticipate that as a result of our activity, we can save \$X in the experiment and show an overall community impact of helping Y (# of) families. We anticipate that these families will save an average of \$Z as a result of our system. This plan can save money while increasing the availability of our most precious natural resource.)

Assessment:

What are the assessments you will put in place to measure pre, during and post project?
What tangible result can be produced within the contest timeframe? (200 words max)

(Abbreviated Example: Students will have successfully constructed a functional prototype of the greywater filtration system and can fully explain how it operates. We plan to develop a full storyline if asked to video our activity to show the full spectrum of our project from conception to working prototype. If given the opportunity, we will produce proven data as to how we were able to benefit our community with our greywater system.)

By checking in the box on the right, you acknowledge and confirm that all member of your team has reviewed and completed the activity plan together. And you further acknowledge and understand that you will not be able to access this application once the submission button is clicked.

Peraduan Samsung Solve For Tomorrow 2026
Kebenaran penyertaan, pengambilan gambar, rakaman video
Samsung Solve For Tomorrow Contest 2026
Permission for participation, photography, video recording

Saya, _____ ibu bapa/ penjaga kepada _____ (nama anak) dengan ini memberi kebenaran kepada anak saya untuk menyertai Peraduan Samsung Solve For Tomorrow dan bersetuju kepada Terma dan Syarat (<https://www.samsung.com/my/solvefortomorrow/tnc>) untuk Peraduan Solve For Tomorrow 2026 (<https://www.samsung.com/my/solvefortomorrow/>) yang dilampirkan di sini. Saya juga memberi kebenaran kepada pihak penganjur untuk mengambil dan mengguna gambar dan rakaman video untuk tujuan promosi tetapi tidak terhad kepada publisiti, tujuan hak cipta, ilustrasi, pengkilanan dan laman web.

I, _____, parent(s)/ guardian to _____ (child's name) hereby allow my child to participate in the Samsung Solve For Tomorrow Contest 2026 and agree to the Solve For Tomorrow 2026 Terms and Conditions (<https://www.samsung.com/my/solvefortomorrow/tnc>) at (<https://www.samsung.com/my/solvefortomorrow/>) enclosed herewith. I also give permission to the organizers to take and use pictures and video recordings for promotional purposes but not limited to publicity, copyright, illustrations, advertising and website.

Saya juga memahami bahawa tiada sebarang royalti, bayaran atau pampasan yang boleh saya tuntutan untuk tujuan seperti di atas.

I also understand that there are no royalties, fees or compensation that I can claim for the purposes as listed above.

Saya menyedari bahawa mana-mana maklumat yang diterbitkan di internet, boleh diakses oleh jutaan pengguna dari seluruh dunia dan ia akan diklasifikasikan oleh enjin pencarian yang mempunyai kemungkinan untuk disalin oleh pengguna internet yang lain. Ini bermakna, setelah gambar atau rakaman video ini telah diterbitkan di internet, pihak Tuan tidak mempunyai kuasa untuk mengawal situasi ini daripada berlaku.

I realize that any information published on the internet can be accessed by millions of users from all over the world and it will be classified by search engines which have the possibility to be copied by other internet users. This means that, once the picture or video recording has been published on the internet, you do not have the authority to control this situation from happening.

Saya memahami bahawa saya boleh membatalkan kebenaran ini pada bila-bila masa dengan memberi maklumbalas secara bertulis kepada Samsung Malaysia Electronics (SME) Sdn Bhd melalui emel. Pembatalan kebenaran ini tidak akan mempengaruhi sebarang tindakan yang telah diambil sebelum maklumbalas bertulis diterima. Rakaman video akan disimpan di lokasi yang selamat dan hanya kakitangan yang dibenarkan mempunyai akses kepadanya. Ia akan disimpan untuk satu jangka masa yang ditetapkan (dikenalpastikan relevan) dan kemudiannya dilupuskan atau diarkibkan.

SAMSUNG

I understand that I may revoke this permission at any time by giving feedback in writing to Samsung Malaysia Electronics (SME) Sdn Bhd via email. Revoking this permission will not affect any action taken before written feedback is received. Video recordings will be stored in a secure location and only authorized staff have access to it. It will be stored for a specified period of time (identified as relevant) and then disposed or archived.

Saya bersetuju dengan pengumpulan, penggunaan, pemprosesan, dan perkongsian Data Peribadi anak saya oleh Samsung, sekutu rakan niaga, pembekal perkhidmatan untuk tujuan menjalankan Peraduan Solve For Tomorrow berdasarkan Notis Privasi Samsung di <https://www.samsung.com/my/info/privacy1/>.

I agree to the collection, use, processing, and disclose of personal data of my child to Samsung, affiliates, business partners, and service provider for the purposes of administering their participation in Solve For Tomorrow competition in accordance with the Samsung Privacy Policy <https://www.samsung.com/my/info/privacy1/>.
