H. Points Conversion and Transfer

1. Points Transfer – Eligibility and Availability
 - (a) Where a Participant has accrued Rewards Points in multiple countries, these sit within separate Rewards Accounts for each country, each overseen by the Samsung Electronics subsidiary which operates Samsung Rewards Program in that country.
 - (b) Participants may transfer Rewards Points from one Samsung Rewards Program to another (a “Transfer”). In order to use the Transfer feature, Participants must
 - i. Have registered two active Samsung Rewards Accounts: a Sending Account in one Samsung Rewards Program from which the points are being transferred, and a Recipient Account in another Samsung Rewards Program to which the points are being transferred
 - ii. Have registered the Sending Account and Recipient Account to the same Samsung Account
 - iii. Have at least 1 Rewards Point in the Sending Account.
 - (c) These Terms and Conditions apply to any Transfer from any Rewards Program outside Malaysia to Participant’s Recipient Account within Malaysia Samsung Rewards Program).
 - (d) Participants can only transfer Rewards Points between their own Rewards Accounts. It is not possible to send Points to or receive Points from another person or Samsung Account.
 - (e) Participants can request Transfers in the Samsung.com My Page and Rewards Program home page for any Rewards Program in which they have a Rewards Account. Participants can also view their Samsung Rewards history, including details of previous Transfers, on these pages.
2. Conversion Methodology
 - (a) Samsung Rewards Points are worth different amounts for each Rewards Program. This reflects different Rewards Points earning and redemption rates and prices of Samsung’s products. Prior to any Transfer, the Rewards Points balance, and amount of points selected for transfer from the Sending Account, must first be converted into the equivalent Points value for the Recipient Account.
 - (b) The Rewards Points value conversion rate (the Conversion Rate) for the proposed Transfer will be shown on screen, alongside the number of Rewards Points being transferred and starting and finishing account balances for both the Sending Account and Recipient Account. Participants are able to review the Conversion Rate and number of points to be credited to the Recipient Account before confirming the Transfer.
 - (c) Sponsor determines the Conversion Rate at its own discretion, based on the average internal exchange rate used for the preceding month for the currencies used by the Sending Account and Recipient Account. Sponsor reserves the right to update the Conversion Rates more frequently, or to adapt the methodology to reflect changing circumstances.
 - (d) If the calculation of the points value in the Recipient Account results in a fraction of a Rewards Point, then the value of the Transfer will be rounded to the nearest full Point.
 - (e) Transferred Points will be displayed in the Recipient Account immediately. Participants should contact customer service if a Transfer is unsuccessful, or they believe there has been an error in the Transfer calculation.
3. Miscellaneous
 - (a) Rewards Points subject to a Transfer retain the expiration date they held in the Sending Account.
 - (b) A request to transfer Rewards Points cannot be cancelled or withdrawn. However, it is possible to re-convert Points by requesting a reverse Transfer, subject to the restrictions on excessive or fraudulent Transfers set out in section H.4 below.
 - (c) Participants are responsible for managing any personal tax liabilities or obligations arising from the transfer of Rewards Points.
 - (d) Sponsor does not offer a currency exchange service. The Samsung Rewards Transfer feature is offered as convenience to Participants, enabling them to combine and spend points earned from

multiple Samsung Electronics companies. For the avoidance of doubt, the Rewards Points Conversion Rate does not represent or reflect current market exchange rates.

- (e) Each Samsung Rewards Program is subject to its own set of Terms. While the terms and conditions applying to the Transfer feature should be consistent, in the event of any discrepancy, the Terms applying to the Recipient Account shall take priority. For the avoidance of doubt, the same Conversion Rate is used for each pair of Rewards Programs.

4. Restrictions on Transfers

- (a) Some Rewards Points may not be eligible for Transfer. For example, Rewards Points granted as part of a country-specific promotion or earning opportunity may be non-transferable. Any such restrictions will be explained on your Samsung Rewards Account page.
- (b) Rewards Points Transfers are currently only available between Rewards Programs of participating Samsung entities. Availability of the Reward Points transfer may vary depending on country or region.
- (c) Sponsor may restrict the transfer of Rewards Points between particular Samsung Rewards Programs on the basis of any legal requirements, in which case Sponsor will notify you of the exclusions on the Samsung Rewards homepage.
- (d) Participants may be prevented from requesting Transfers if Samsung has reason to suspect that a Transfer request, or any previous transfers, are fraudulent, or aimed at gaming the conversion rates to artificially increase the overall points balance and obtain a foreign exchange profit, rather than redeem the Points through the Recipient Account. Samsung may prevent a Participant from executing multiple International Samsung Rewards Transfers in a short period of time, including repeated small transfers and reversed transfers without any redemptions, as this may compromise the system or cause Samsung to incur significant costs
- (e) Any other restrictions that may be applicable and to be notified from time to time.
