- Dimensions:
(W) 912 mm
(H) 1780 mm
(D) 716 mm

SPACE MAX

ALL-AROUND COOLING

FLAT DOOR DESIGN

DIGITAL INVERTER
TECHNOLOGY

Space Max

Store more food with a very spacious 635L interior. Its unique SpaceMax™ technology enables the walls to be thinner by using a high-efficiency insulation, creating more storage space without increasing the external dimensions

Flat Door Design

Give your home a stylishly, modern look. Its sleek and seamless design blends into your cabinetry to create a harmonious kitchen interior. It also has beautiful flat doors with recessed handles that don't protrude into your living space.

All-Around Cooling

Cools your food evenly wherever it is in the fridge. All-around Cooling actively checks the temperature and distributes air evenly from corner to corner.

Digital Inverter Technology

The Digital Inverter Compressor automatically adjusts its speed in response to cooling demand, which in turn uses less energy, minimises noise and reduces wear and tear for a longer lasting performance. Backed-up by a 10 year warranty* on the compressor.

*10 year warranty is limited to the compressor only.
