Smart Control

Smart Control gives you the freedom to control and monitor your washing from anywhere using the Samsung Smart Things app.* Use the app to start or pause the machine, keep an eye on program selections, track your washing cycle and even setup automatic alerts to remind you when your washing is done.

Super Speed (39 mins)

Wash a 5kg load of laundry in under an hour* with Samsung Super Speed Cycle. Powerful speed spray jets activate during the rinse to help ensure full coverage and a deep rinse. Auto load sensors helps ensure each wash gets a great result.

BubbleWash™ and BubbleSoak™

Bubble Wash turns detergent into bubbles, allowing it to quickly penetrate fabric and help remove dirt; all while protecting the fabric and delicate clothes.* Bubble Soak helps remove a variety of stubborn stains by thoroughly soaking your clothes in bubbles which helps loosen dirt and effectively remove stains.**

Hygiene Steam

Give your clothes a really deep clean with steam. Powerful steam is released from the bottom of the drum, so every item in the load is thoroughly saturated. This helps remove engrained dirt and certain bacteria and inactive allergens.*
