(D) 740 mm

TWIN COOLING PLUS

**2L NON-PLUMBED
WATER DISPENSER**

MODERN AND SLEEK DESIGN

**POWER COOL / POWER
FREEZE**

Twin Cooling Plus

Twin Cooling helps to optimise the fridge's temperature to keep food fresh, minimise odours from mixing and circulate the cool air evenly.

Modern and Sleek Design

Enhance the functionality of your kitchen with convenient controls and an elegant design. A stylish front LED display makes it easy to control the temperature and monitor the fridge's status. The simple sophistication of the flat doors also creates an elegant and modern look.

2L Non-Plumbed Water Dispenser

Enjoy cool water at the touch of a button. Our built-in water dispenser is BPA-free* and lets you enjoy chilled water without needing to have the fridge plumbed in.

Power Cool / Power Freeze

Power Cool fills up the fridge with cold air to help quickly cool your groceries or drinks. Power Freeze rapidly lowers the temperature of the freezer once you've stocked up. All at the touch of a button.
