Designed for you, by you.

Say hello to an all-new line of modular refrigerators that gives you the flexibility to meet your needs at every life stage. Plus, style it your way with an attractive palette of hues and finishes. Begin personalising your own BESPOKE Refrigerator today!

## Modular concept that matches your lifestyle

Beautifully designed and fully flexible. You can start with a single unit and add more BESPOKE modules<sup>1</sup> for a combination that meets your life stage and home space.

## Customise with changeable colour panels

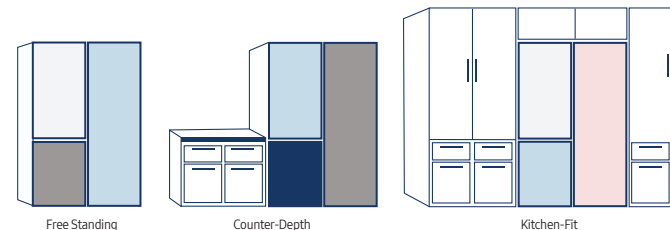

Choose from 5 different colour panels each with its own finish, to create a statement piece that reflects your individuality.

If you fancy a kitchen revamp later, simply switch<sup>2</sup> the colour panels for a complete refrigerator makeover.

## Seamless and perfect fit

Elevate your kitchen with a built-in look. Its slim and standardised depth requirement<sup>3</sup> of 700mm allows for a customised fit to meet your counter-depth or kitchen-fit style with minimal gaps.

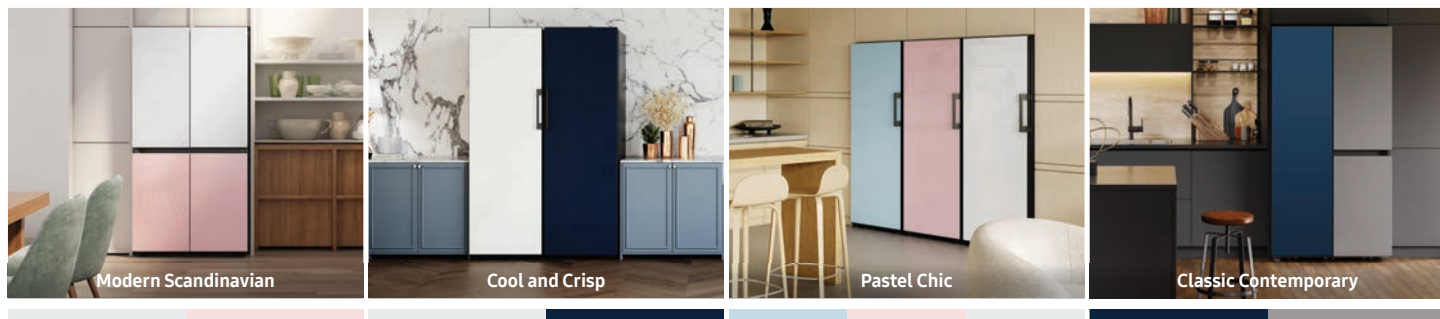

A sleek flat-door design allows you to open the door without worries of bumping into adjacent cabinetry. Storage compartments can easily be accessed even with just a 90° door opening. Additionally, reversible door<sup>4</sup> allows you to choose the direction that your fridge opens from.

## Find the perfect mix for every home interior

Explore a world of possibilities for your home. Here are some inspirations to make your Samsung BESPOKE refrigerator uniquely you.

## Say hello to the new Jet 90 premium

The newest addition to the Jet Series eliminates nasty allergens like fine dust and dirt to give your home the most hygienic clean.

Additionally, as our most ergonomically designed model yet, the upgrade comes with an adjustable Telescopic Pipe and a self-standing Z Station for greater ease of usage.

Remember, it's not clean, until it's Jet Clean.

Clean Station™ sold separately as an accessory.

### Clean Station™

**Discover automated dust disposal**  
Reduce your exposure to harmful dust particles when you pair the Jet Series vacuums with a compatible Clean Station™. It automatically empties<sup>14</sup> the Jet's dustbin after vacuuming so that dust stays trapped the entire time.

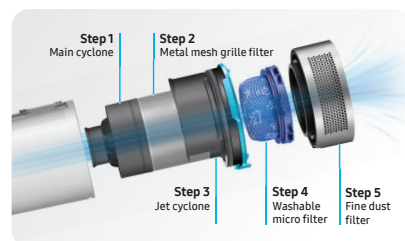

Up to 400 times  
less dust  
emission when  
emptying dustbin

### Powerful Performance

Up to 200W<sup>15</sup> for heavy-duty cleaning

Deeply embedded dust, dirt and debris are no match against the Jet's outstanding suction power.

### Multi-layered Filtration System

Traps 99.999%<sup>16</sup> of fine dust<sup>17</sup> and reduces allergens<sup>18</sup>

Suffering from allergic rhinitis? The Jet's Multi-layered Filtration System traps dust, dirt and allergens to ensure you can always breathe cleaner air even while vacuuming.

### Fully Washable Bin and Filter

Easy to remove and maintain

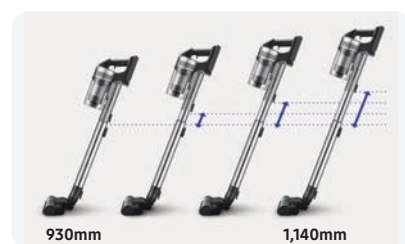

The bins and filters of the Jet Series vacuums are easily removable and fully washable so that your vacuum stays hygienic and ever-ready to clean!

### Z Station

Store and charge easily

Conveniently store and charge your Jet 90 at its own self-standing Z Station. It stores your Jet 90's accessories and charges up to two batteries<sup>19</sup> simultaneously too!

### Telescopic Pipe

Less effort and strain

Reduce the strain on your wrist and enjoy easier movement when cleaning with the Telescopic Pipe. Choose from 4 adjustable levels for your preferred height.

### Spinning Sweeper

Mops hard floors too

Transform the versatile Jet 90 into a mop with the Spinning Sweeper and keep your home sparkling clean with less effort. Dual spinning wet pads rotate at 300rpm for an effective clean.
