inside

Images simulated. T&Cs apply. Promotion is valid only for customers who purchase selected Samsung products during the promotion period from 11 April to 11 May 2026. Limited for redemption within promotion period only. Not stackable with other promotions. Selected models only. While stocks last. Please check in-store for more details. *Savings values are five-year basis estimates for illustration only and may vary based on model and usage conditions. **Each SmartThings-eligible appliance registered in the SmartThings App qualifies for a \$50 Mooments e-voucher. One voucher is awarded per eligible registered appliance, with no cap on total vouchers. *Available on Android and iOS. Wi-Fi connection, Samsung account login, and eligible models may be required. Results may vary by usage conditions and patterns. *Stated on NEA energy label. *Valid for all Ticks Samsung Washing Machine models and for all 3 and 4-Ticks Samsung Refrigerator models. Subject to eligibility under the Climate-Friendly Households Programme by NEA and PUB. For a full list of participating retailers, visit www.go.gov.sg/cfhp. Energy usage is reduced by optimising the compressor speed and operation and adjusting the fridge temperature. Results are based on internal testing and may vary depending on the usage condition and pattern. *Can be applied when the selected washing temperature is 20 - 40°C. Based on internal testing on the WW11BB944AGB model in normal usage conditions. Results: Power consumption without AI Energy Mode = 0.539 KWh. Power consumption with AI Energy Mode = 0.145 KWh. Results may vary depending on the actual usage conditions. *Based on the Performance Lab Test report by Springboard Engineering on EMPA strips, comparing a normal detergent solution and bubble technology without mechanical action.

A smarter way to keep every ingredient fresh for every meal

Smart refrigerators that preserve freshness while helping you use less energy — now with great savings to upgrade your kitchen.
