### **WHAT ARE YOUR RIGHTS?**

Your personal information belongs to you. In accordance with applicable law, you may have the right to ask us to provide details about what we have collected, to delete it, ask for corrections, or to exercise any other right you may have. We will not delete data that we are required by law to retain.

To make a request concerning your rights or to make an inquiry, contact us. See the **CONTACT US** section.

### **HOW LONG DO WE KEEP YOUR INFORMATION?**

We will not keep your personal information for longer than is necessary for the purpose for which it was collected, unless otherwise required by applicable law. This means that information will be anonymized, destroyed or erased from our systems when it is no longer required.

### **WHAT THIRD-PARTY SERVICES DO WE USE?**

Some of the content, advertising, and functionality is provided by third parties. These third parties may use beacons, tracking pixels, and other tools to collect information about your participation of the Tournament. These third parties are not controlled directly by Samsung, so we recommend that you check their privacy policies to understand how they use your data.

### **BEACONS, AND SIMILAR TECHNOLOGIES**

We, along with certain third parties such as content providers and advertisers, may also use technologies called, beacons, or pixels, as well as other tools (collectively known as “technologies”) that communicate information from your device to a server. These technologies can be embedded in online content, videos, and advertisements. They allow a

server to read certain types of information from your device, know when you have viewed particular content or a particular advertisement, and determine the time and date on which you viewed the content as well as information about your device, including the IP address of your device. We, and third parties, use these technologies for purposes such as verifying that content and ads have been delivered and viewed correctly.

### Beacons and Pixels

We, along with certain third parties, use technologies called beacons or pixels that communicate information from your device to a server. Beacons can be embedded in online content, ads, videos, and emails, and can allow a server to read certain types of information from your device, know when you have viewed particular content or a particular email message, and determine the time and date on which you viewed relevant content as well as the IP address of your device.
