

We're renowned for our innovative technology...

...so why should our financing solutions be any different?

Work isn't what it used to be

The steady, predictable growth of flexible and remote working has suddenly skyrocketed and businesses have found themselves having to keep up.

64%

of businesses enabled a remote workforce in 2020¹

What is the cost of success?

Many now understand that it's time to stop reacting and start acting.

It's crucial to invest in the mobile technology that will empower your people to be productive and creative, wherever they are.

But that can take up your cash reserves

42% 1 in 7

of businesses consider cash flow as an obstacle to their success²

small business owners have been left unable to pay employees because of cash flow issues³

Preserve cash flow and invest

You want to upgrade to the technology that will give you an edge in a changing world. But you also need to pay for it in a way that leaves your business with cash to invest in other areas.

With the right solution, you can do just that. Samsung Capital, in partnership with Samsung, can offer you a complete package—devices, Knox security solutions, even cases—all rolled into one easy payment solution⁴.

Make budgets go further

Drive innovation

No upfront costs

Free-up cash

Include ancillary items
(e.g peripherals and Knox Licences)

Upgrade to new technology

Financing as innovative as our technology

We don't do one-size-fits-all. Your financial situation is unique to you, as are your technology needs.

With Samsung Capital you upgrade to the latest technology you need by creating an innovative financing solution that's built just for you.

Whatever your need, we'll work together to develop a completely unique solution that features options such as:

Financial lease

Have the latest technology in your hands without having to make a large upfront payment for it

Residual value lease

Bring down your monthly costs as the device value at the end of your time with it is considered

Hire purchase

Get Samsung devices now and ultimately own them while still spreading the cost

Sale and lease back

We'll buy your Samsung technology (subject to conditions) and lease it back helping you liquidate cash

See what we can do for you

With no big upfront costs and no hidden surprises, Samsung Capital gives you the innovative financing solution you need to empower your business.

Tell us about your business challenges and we'll give you a call to discuss how we can design a financing option that works for you.
