

AI Foundations - Comparing LLMs				Open the LMArena Side by Side Battle Tool			
TASK TYPE	DESCRIPTION	EXAMPLE QUESTION or write your own!	Improved Prompt using B.R. I.E.F. framework	LLM's to Compare		Winner	Notes (optional)
Math	Can the LLM answer a variety of math problems and accurately describe how to solve them?	Write this quadratic equation in standard form and solve for A, B and C. Graph the result. $x^2 = 3x - 1$					
Coding	Can the LLM write computer code that can execute correctly, from a text description or debug code that you're writing and help you solve errors?	Create a Python program that displays a bar chart of grades from recent math tests in my class. Have an interface to enter the grades as numbers from 0-100.					
Creative Writing	Can the LLM generate stories, poetry or songs that are enjoyable and similar quality to what a person may create?	Write a poem about a cat who goes on an adventure into the Land of Owls.					
Sources and Credit	Can the LLM accurately cite its sources and write them in various formats such as MLA or APA?	Write five citations with accurate research sources for how LLMs are developed safely and ethically.					
Image identification	Can the LLM take an image for input and write a response?	Upload a picture and see if the LLM can describe or identify the image.
