Galaxy Watch Ultra Features:

Your immediate safety Siren

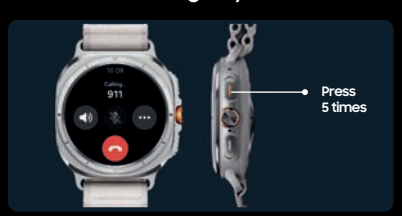

If you're in trouble, press and hold the Quick Button for 5 seconds to activate a powerful siren for help. A piercing 86-decibel sound can be heard up to 180 meters away, breaking through a forest of trees. When GPS isn't enough for you, the Watch is there with an SOS. It detects falls, offers SOS via the home button, and provides instant access to Medical info.

Fall detection

Emergency SOS

Conquer new heights

The Galaxy Watch Ultra is cool with the cold, so don't let frosty temperatures or challenging mountain conditions hold you back from exploring.

Why Samsung Micro RGB?

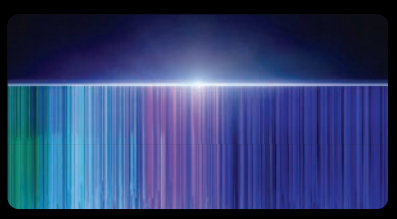

The answer to greatness
Micro RGB

Greatness comes in small things. Using micro-sized RGB backlights, Samsung Micro RGB TV makes every frame burst with breathtaking color and razor-sharp detail, creating a sense of presence like never before.

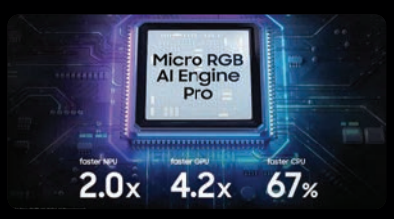

Uncompromised picture with precise RGB light control
Micro RGB Technology

See every shade, brought to life by Micro RGB Technology. Using local dimming technology for colour and brightness, enabled by a micro-sized RGB backlight, Samsung Micro RGB TV delivers unbelievably defined colours — transforming ordinary viewing into a spectacular experience where scenes look incredibly realistic and full of depth.

True-to-life colour and detail, perfected by AI
Micro RGB AI Engine Pro

Discover the state-of-the-art processing behind Samsung Micro RGB TV. Using AI, the Micro RGB AI Engine Pro intelligently controls RGB colours to deliver vibrant hues and deep contrasts that feel natural — revealing the finest tints and shades.

Laundry Offers

Intelligent and convenient wash
AI Wash

Take care of your clothes and wash them throughly and gently. AI Wash* senses the weight and softness of the fabric in a load. It then uses an AI algorithm to suggest suitable settings, like the water level, agitation intensity and washing and rinsing times, and enable 25% more fabric care**.

AI Front Load with Ecobubble™, 11kg Features:

Smart, gentle washing
AI Ecobubble™

Enjoy more effective washing with AI Ecobubble™*. It creates bubbles that remove 24%** more soil even at low temperatures, saving 70% energy** and ensuring 45.5% better fabric care***. It also detects the fabric type and optimises the amount of bubbles, washing time, temperature and spin speed.

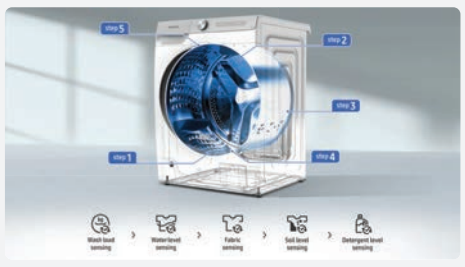

*/**/***Ts & Cs apply.

Optimised cleaning
AI Wash

Wash clothes thoroughly*, but gently with less water and detergent**. AI Wash uses advanced sensing to detect the weight and softness of the fabric and continually monitor the level of soiling. It then intelligently optimises the water and detergent and the soaking, rinsing and spinning times.

*/**Ts & Cs apply.

Stylishly larger
SpaceMax™

Enhance your home and wash larger loads with a huge 11kg capacity in a standard 600mm cabinet. A simple and flat design blends seamlessly with modern interiors and kitchen furniture. SpaceMax™ technology also creates more space inside, so you can wash more, including big items like comforters.

Half the wash time
QuickDrive™

Spend much less time washing. When activated, QuickDrive™ reduces the washing time by up to 50%*. Its 'Q-Bubble™' technology's dynamic drum rotation and additional water shots create more abundant and powerful bubbles, so detergent penetrates faster and washes quickly and gently.

*Ts & Cs apply.

Self-cleaning technology
Drum Clean

Keep the inside of your washing machine hygienically clean and fresh, while being eco-friendly and saving money. Drum Clean removes detergent residue and dirt from inside the drum. You don't need harsh or costly chemicals, as it uses a combination of soaking, pulsating and high-speed spinning.

Wash in 39 minutes
Super Speed (39 mins)

Cut your laundry time and get clothes thoroughly clean. Super Speed washes a load in just 39 minutes*. QuickDrive™ saves time by enhancing the detergent action, while Eco Bubble™ ensures powerful cleaning. The rinsing time is shortened using Speed Spray and it accelerates the spin speed.e time.

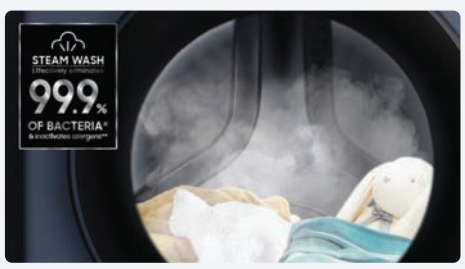

*Ts & Cs apply.

Hygienic cleaning
Hygiene Steam

Give clothes a deep, hygienic clean with steam. This removes ingrained grime, 99.9% of bacteria* and inactivate allergens derived from house dust mite in the laundry.** Hygiene Steam cycle reduce exposure house dust mite, cat, dog, grass pollen and fungi.***
