

## Environment friendly TV recycling service

If you are thinking of upgrading the TVs in your hotel, Samsung can help you make the industry sustainable.

As part of a membership with SIMS Recycling Solutions, and under the National Television and Computer Recycling Scheme, SIMS can recycle your old TVs safely and efficiently.

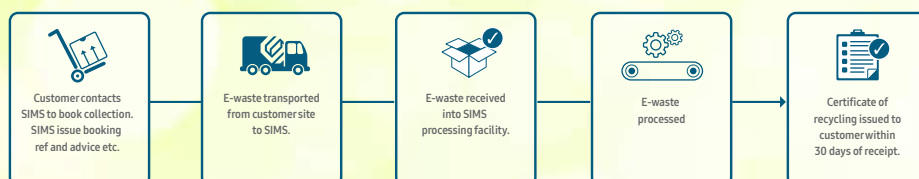

### How much usable material is recovered from the recycling process?

Specialist recycling company, SIMS can recycle over 90% by weight and for some products it can be considerably higher.

### Does it cost me anything?

Samsung Australia funds the public e-waste recycling services provided by SIMS, making it a free-of-charge service to you. Collection is also available for metro areas in Sydney, Melbourne and Brisbane.

If your pickup location is outside metro areas in Sydney, Melbourne and Brisbane, SIMS will provide a quote for the pickup service.

To book in a collection contact SIMS Recycling Solutions

Email – [samsung\\_bookings@simsmm.com](mailto:samsung_bookings@simsmm.com) Phone – 02 8708 2016

Please allow up to 48 hours to organise collection.
