

Samsung The Terrace Soundbar (LST70T)

Powerful sound outdoors

Perfect match for The Terrace TV

Top Features

All-in-one design with Built-in Woofers

Its all-in-one design with built-in-woofers delivers sound you can feel. And because you can hear clearly over ambient outdoor noise, backyard movie nights will always sound incredible.*

Water-Resistant Durability

The Terrace Soundbar takes home-entertaining to the next level. Built to withstand the elements*, it helps ensure your night won't be a washout.^

Built-in Centre Speaker (3.0Ch)

Thanks to a powerful centre speaker (3.0Ch), you'll be surrounded by crystal-clear sound – whatever's going on in your backyard.#

* Recommend installation undercover, protected from direct sunlight and severe weather.

^An IP55 rating means that under test conditions the product is protected against quantities of dust that could interfere with the normal operation of the product, but is not fully dust tight. The product is completely protected against solid objects. It is also protected against low pressure water jets projected by a nozzle (<6.3mm) from any angle and at <30KPa (4.4 PSI) with water volume up to 12.5L/min for up to 3mins with limited ingress permitted. According to accredited test results, individual results may vary. Note: IP55 rating does not mean that the device is waterproof. *Operates smoothly at temperatures between -10 to 50°. Recommended that the Soundbar is installed undercover, and is not exposed to direct sunlight or severe weather conditions such as thunderstorms. Recommend the cover is used when it is not in use.

Audio quality dependant on source content and environmental characteristics (e.g. ceiling).
