Premium 4K Smart TV

Art + TV come together

The Frame is as much a work of art as it is a TV. With the incredible Art Mode and the power of 4K UHD, The Frame transforms from TV to beautiful, lifelike art that fits seamlessly into your home and décor.

With intelligent in-built sensors, the brightness and colour of the displayed artwork will adjust as ambient lighting conditions change, bringing an extra sense of art realism to your space. Plus, The Frame is designed to automatically turn off when you leave the room and turn on when you return.
