Why Enterprise Edition?

Increased complexity and changing needs

Security, customization and manageability, as well as integration within IT infrastructures continue to be key challenges.

Enterprise Edition supports the need for:

- Continuous and predictable device management.
- Easy deployment and management (to reduce time and complexity).
- Company apps and data security.

Your

A comprehensive package for enterprise mobility

Enterprise Edition enables new levels of mobility, performance and productivity, opening up the next mobile economy.

Cutting-edge Devices

Galaxy S9,
Galaxy A8

Advanced Customization

3 years Knox Configure

Simplified Manageability

3 years E-FOTA on MDM

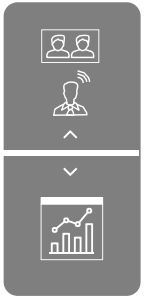
Business Continuity

3 (2+1) years Manufacturer Warranty
4 (3+1) years Extensive Security Patches*

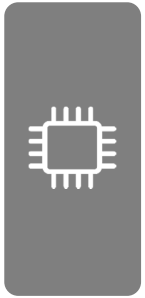
* 3 (2+1) years for A8

Advanced Samsung device capabilities

Increased productivity with bigger infinity display*



Multitask capabilities with Split-screen mode



Sufficient memory and mSD card support

Multi-layer security with Samsung Knox

Advanced biometrics (Iris**, Fingerprint)

* Increased screen size varies by device.
** Iris is only available on S9

Remotely configure and customize many Samsung devices at once

Frictionless Out-of-the-Box Setup

- Bulk enrollment
- Simple setup
- Default setting modification

Purpose-built Appliances

- Professional kiosk mode
- Specialized system UX

Rebranded Software

- Customized booting
- UX Customizable home screen

Advanced Device Configuration

- Connectivity settings
- Dynamic update

Over-the-air configuration for bulk devices

Install firmware through Selective FOTA on many devices at once for simple OS version control*

E-FOTA(Enterprise Firmware Over the Air)

Selective FOTA

Specify which OS firmware version to deploy. Ensure IT stability and compatibility of devices and systems.

Time Control

Schedule updates for specific times.

Reduce service interruptions and downtimes.

Forced Updates

Force updates to enable efficient device management. Minimize vulnerabilities with up-to-date OS versions and patches.

* Feature availability may vary depending on MDMs. The MDM list is subject to change. Please visit each MDM partner site for details.
