Driving Innovation Towards a Smarter Life

Oh-Hyun Kwon
Vice chairman & CEO
The materials in this report include forward-looking statements which can generally be identified by phrases such as Samsung Electronics (SEC) or its management "believes," "expects," "anticipates," "foresees," "forecasts," "estimates" or other words or phrases of similar implications. Similarly, such statements that describe the company's business strategy, outlook, objectives, plans, intentions or goals are also forward-looking statements. All such statements are subject to certain risks and uncertainties that could cause actual results to differ materially from those in the presentation files above.

For us, particular uncertainties which could adversely or positively affect our future results include:

- The behavior of financial markets including fluctuations in exchange rates, interest rates and commodity prices
- Strategic actions including dispositions and acquisitions
- Unanticipated dramatic developments in our major businesses including CE (Consumer Electronics), IM (IT & Mobile communications), DS (Device Solutions)
- Numerous other matters at the national and international levels which could affect our future results

These uncertainties may cause our actual results to be materially different from those expressed in this report.

Our Core Competencies – R&D

Prepare the future with great capabilities

R&D Organization

- GBM (1-2 yrs)
- DMC (3-5 yrs horizon)
- SAIT (Long term research)

R&D Role

- Securing core technology
- Leveraging R&D resources
- Supporting local business

Advanced R&D

- Next generation telecommunication
- Smart home solution
- Holographic display
- Next generation memory based on new material (resistive RAM, magnetic RAM)

Number of patents, 2012
