Student name		Class	

**Method of entry**

- Step 1:** Produce an introduction video of no longer than three minutes in length. Participating teams must upload the video to YouTube and set as private, then include the video link in a PowerPoint slide.
- Step 2:** Provide a PowerPoint proposal explaining in detail the innovative technology concept, e.g. the need of wheelchair users, operational steps and user interface design, etc., using graphics, images, text, audio and video links, up to a maximum of 10MB and within 10 slides.
- Step 3:** Submit the PowerPoint proposal to the supervising teacher, who will complete the entry form and send to [SamsungS4T@webershandwick.com](mailto:SamsungS4T@webershandwick.com) before the deadline.

The personal data collected in this application form is used only for "Samsung Solve for Tomorrow 2017" and contact purposes. The data will be destroyed after the completion of the event or upon request to withdraw from the competition.

The collected personal data in this application form will be kept strictly confidential. The information is only for the use of Samsung Electronics H.K. Co. Ltd., the secretariat office and the related parties. Without the consent of the data subject or under the law, no personal information will be disclosed.

The parties of the information have the right to access and amend their personal data. If you wish to access or amend the personal details that have been submitted, please send email to [SamsungS4T@webershandwick.com](mailto:SamsungS4T@webershandwick.com).

Our participating team(s) acknowledge(s) that they have read and understand the competition rules, as well as the terms and conditions.
