Do what you can't

We exist to create
human-driven
innovations that defy
barriers to progress.

The technology that moves us forward, as a society and as people, is technology that is human-driven, that helps people express themselves and brings us closer together. Samsung creates some of the most advanced technologies in the world not because it can, but to empower people to make meaningful progress in their lives, and in return, create a better world for all.

Creating Lifestyle of Tomorrow

Battery	10,090mAh

● Mystic Black

● Mystic Bronze

● Mystic Silver

1 The most advanced display on a tablet

At 120Hz, the responsive display intelligently adjusts the refresh rate based on your content and reacts instantly. Also, enjoy a theatre-like experience with one of the largest Super AMOLED display.

3 The biggest leap in S Pen

Made over for a comfortable, solid grip, S Pen also has ultra low latency so there's little lag between what you think and do. It's S Pen's biggest leap in responsiveness. Attach magnetically to the back of your Tab when done.

5 Incredibly thin and light, yet durable

Made with advanced dual color anodizing technique, it comes in stylish Mystic Black, Mystic Silver, and Mystic Bronze hues. Its exquisite aluminum textures with a micro-sand blasted finish is soft to the touch.

2 The fastest processor ever in Galaxy Tab

The Qualcomm Snapdragon 865 Plus Mobile Platform is an intuitive and intelligent chipset that can run intense games with minimal lag and multitask with ease.

4 Intelligent battery to keep you going all day

10,090mAh

The biggest battery* on a Galaxy Tab lets you binge-watch your favorite shows from sunup to sundown. Even after all that, power up and keep going with Fast Charging, the fastest tablet charger.

6 PC-like experience with a single tap

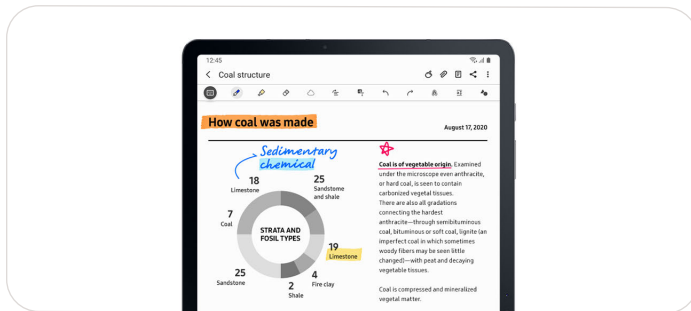

16 intuitive function keys

- Align with Samsung Windows PC
- Android specific keys**
- Samsung Dex key

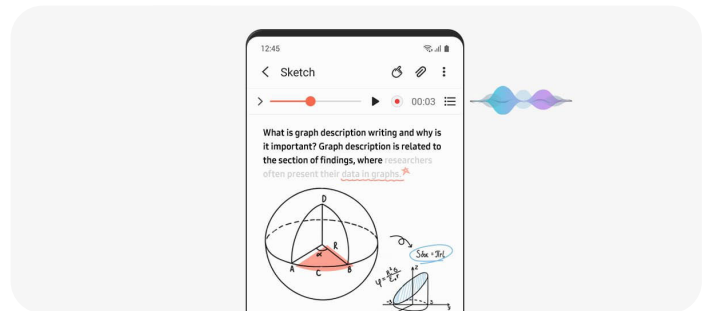

The Book Cover Keyboard comes with a larger trackpad and intuitive function keys that gives you a seamless experience, and when used together with DeX you get a PC-like experience with a single tap.

7 Mark up PDFs with ease

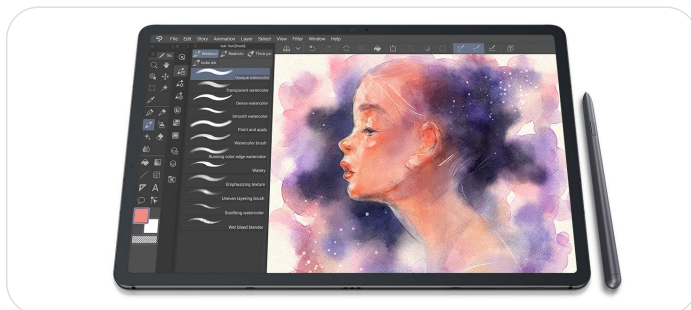

Annotate documents for work or study on the go. Import PDF documents and write directly on them with the S Pen. Add your own diagrams, highlight, strikethrough, and underline. Simply save and share when done.

8 Sync your notes and audio recordings

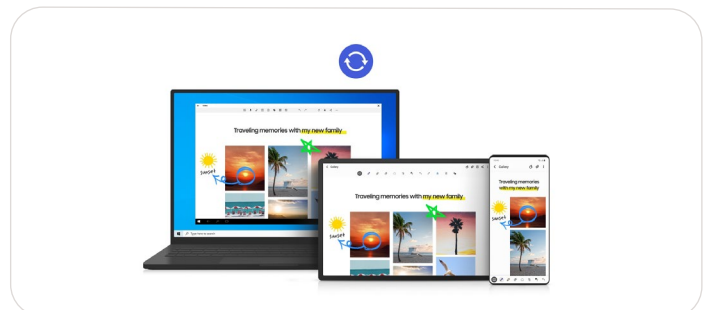

When you take notes while you record audio, your notes will be time-stamped to match the voice recording. Audio bookmark is the perfect tool for those important meetings, interviews, or lectures.

9 Ready for your masterpiece with Clip Studio Paint

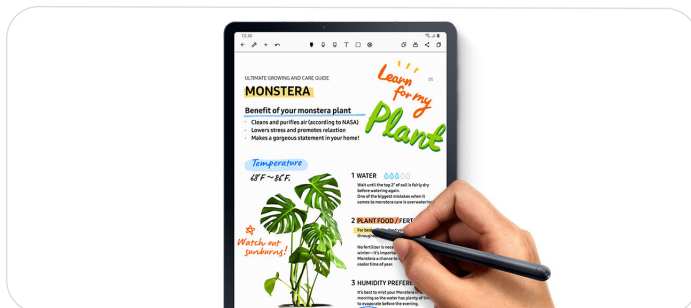

Use S pen together with Clip Studio Paint to illustrate and create comics with the help of storyboarding, inking, and other tools. Preloaded on Galaxy S7 and S7+, get the first Android version of the app free* for 6 months.

10 Sync your notes across all your devices

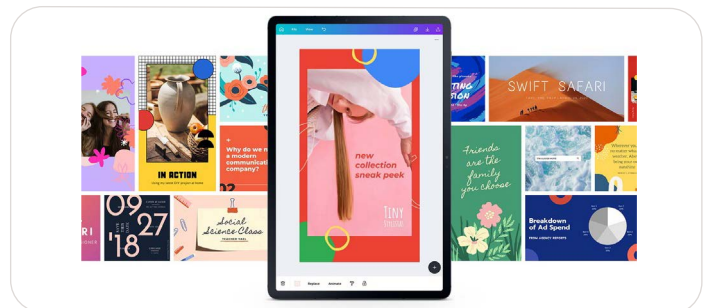

Now you can sync your notes seamlessly via Samsung Cloud, so you can pick up right where you left off-on your phone, tablet, or PC. Enjoy access to all your notes, anywhere and everywhere.

11 Let your thoughts flow with Noteshelf

Whether you prefer using S Pen or typing, it's fluid note-taking that feels natural as you learn or create. With the Noteshelf* Club Exclusive, access hundreds of notebook covers and paper templates free, without a membership.

12 Design like a professional

Design from marketing materials to social media posts with thousands of pre-made templates or create your own using the intuitive editor. Take your designs to the next level with Canva Pro** and unlock beautiful content and time-saving tools.

1 Change the way you note

With a large 26.31cm (10.4") inch display on a slim and light build and S Pen in box, Galaxy Tab S6 Lite is your super carryable notetaking, go-getting companion.

2 Draw inspiration with S Pen

With natural grip, low latency and impressive pressure sensitivity, make S Pen your go-to for everything from drawing to editing documents. And never lose it, thanks to the tablet's magnetic holder.

3 Light. Thin. Fits right in.

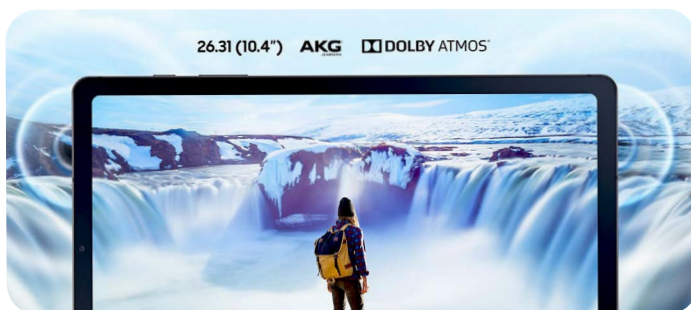

Galaxy Tab S6 Lite is slim, lightweight and slips easily into a small tote for true portability and minimalist style. Grab it in Oxford Gray, Angora Blue or Chiffon Pink.

4 Carry with confidence and style

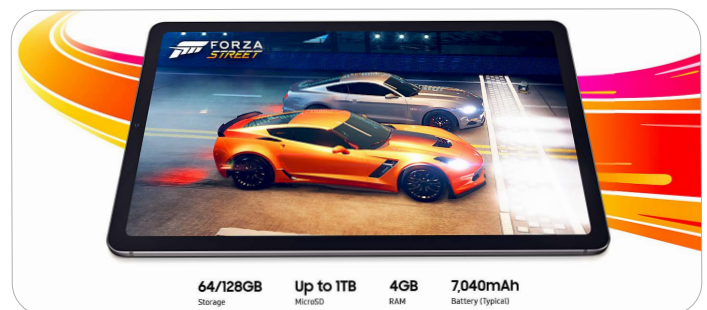

Wrap your tablet in the sleek Galaxy Tab S6 Lite Book Cover that folds around and clings magnetically, so you can easily gear up as you're headed out the door.

5 Go big on entertainment

Less bezel means more room for a bigger, 26.31cm (10.4") display on a conveniently compact tablet. Enjoy a cinematic experience with dual speakers that deliver rich, 3D sound.

6 Speed + Memory + Power = Epic Races

With long-lasting battery life, expandable microSD and fast LTE and Wi-Fi speeds, stay connected and blast through race after race on a tablet that wins.

Galaxy Tab A8

SM-T295NZKAINS

Display	20.31cm (8.0") TFT Display

Images simulated. *The product has a water resistance rating of 50 meters under the ISO standard Z2810:2010. It is not suitable for diving or high-pressure water activities. If the device or your hands are wet, they must be dried thoroughly prior to handling. IP68 is based on test conditions for submersion in up to 1.5 meters of freshwater for up to 30 minutes. Not advised for beach use. US Military Standard Compliant (MIL-STD-810G).

1 Bigger display, yet lighter and slimmer for comfort wear

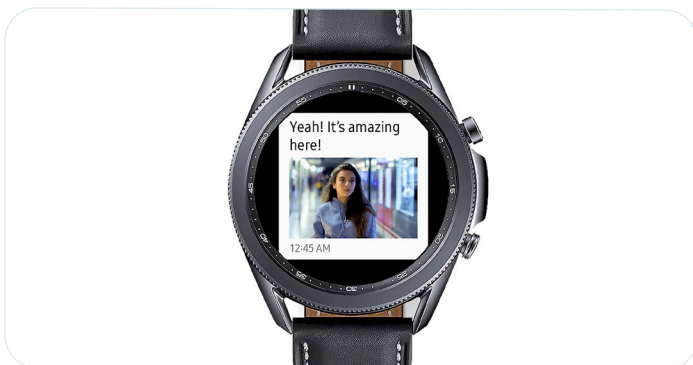

Outlined in a subtle rotating bezel, it's easier to see and focus on what matters with an even bigger screen. Galaxy Watch3 is thinner and smaller, yet about 15% lighter with a sophisticated look that's ideal for your wrist.

2 Breathe easier with built-in oxygen measurement

Galaxy Watch3 uses red LED and infrared rays to estimate your SpO2 levels, or the amount of oxygen in your bloodstream that's directly linked to physical performance. Now push your routine to the next level.

3 Keep the conversation going

When you get a new text, Galaxy Watch3 shows your chat history so you can follow the conversation and see images. Also, its Smart Reply analyzes texts and photos you receive and gives you suggested replies, supporting different categories like food, celebrations, selfies, and more.

4 Beauty with smarts to match

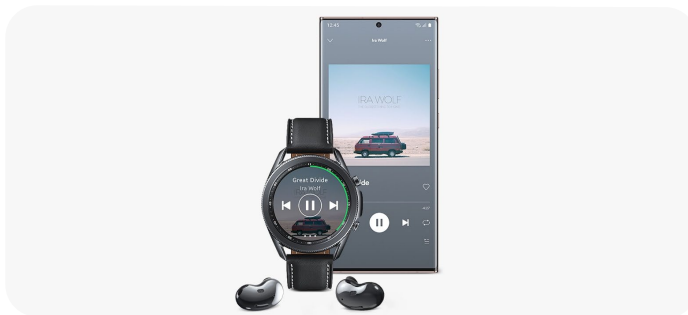

Complete Galaxy Watch3's signature look with the an endless collection of watch faces to choose from. Make your own combination with over 40 complications, get your useful information at a glance while easily accessing your favorite apps.

5 Hit your best, then do it again

Choose from over 120 home workout programs. Pick from your phone and cast to your TV - as you work out, it'll display your heart rate in real time*. The new running guide helps you analyze your running form and improve your performance while avoiding injury.

6 Team up with other apps

Put together a team of Galaxy Apps to join you and your phone in your day-to-day. See your phone's photos from your watch, or switch between devices to control your Spotify playlists. You can also use Bitmoji stickers to jazz up your conversations.

Not advised for beach use. US Military Standard Compliant (MIL-STD-810G).

1 Custom comfort on your wrist

Galaxy Watch Active2 comes customized with your choice of Bluetooth or LTE model, in 4.4cm (44mm), stainless steel or lightweight aluminum design, and straps galore.

2 Power that lasts the day

Take your Galaxy Watch Active2 out for the day with a battery that lasts long with normal use. Just lay it on the compact magnetic wireless charger to bring it back to full.

3 Snap your outfit and grab your look

Express yourself with over 80000+ watchfaces available on the app store to fit your mood and outfit of the day.

4 Max your space and connectivity

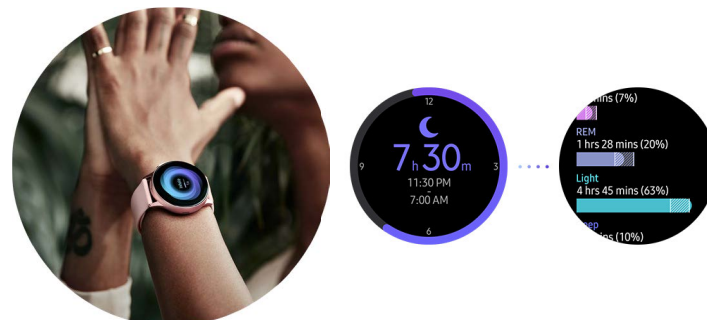

Widen your screen space with an uninterrupted view on a sleek body fitted with a touch bezel for quick control. 4G model uses an eSIM for uninterrupted flow of data as well as receiving calls directly from the smartwatch.

5 Track your workout on your wrist

Galaxy Watch Active2 tracks your movements and gives actionable advice in real time. Use automatic tracking for seven exercises and manual tracking for others.

6 Health support from the inside out

Health monitoring[^] tracks your heart rate and alerts you when it goes above or below normal levels. With stress tracker[^], watch your stress levels and sleep. When you're feeling tense, follow guided breathing exercises to calm your mind.

1 The new definition of authenticity **2** Engineered to endure

The Galaxy Watch feels like a real watch with a round face, watch hand shadowing and ticking sound.

With 5 ATM* water resistance and military standard durability, Galaxy Watch allows you to be more active outdoors, enduring through tough conditions.

3 Your watch, your choice

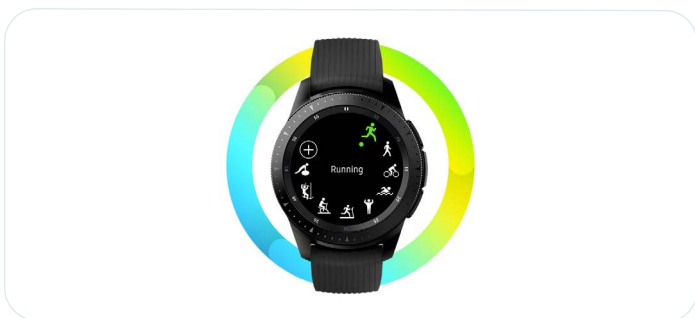

Express yourself with your own Galaxy Watch, put a customizable watch face and choose a body size of 4.2cm (42mm) (Midnight Black, Rose Gold) or 4.6cm (46mm) (Silver).

4 Stay connected and ahead of time

With the Galaxy Watch 4G, always stay connected. Take calls, receive messages and get notifications using the same numbers and data plan as your phone. Stay on track with the My Day watchface that displays your schedules for the next 10 hours.

5 Track your progress

With Samsung Health, Galaxy Watch lets you measure your heart rate and track six activities when you exercise. Select more to measure up to 39+ activities and more. It tracks your sleep quality and monitors stress levels to assist you with guided breathing.

6 Lasts for days

With long lasting battery life on a single charge, Galaxy Watch can manage calls, music, and more with battery made to last.

1 Made for your ears

Galaxy Buds Live sit softly inside the ear, for all-day comfort with less fatigue. Its ergonomic design is snug yet non-intrusive with two wing tip sizes for a better fit. So, commute to the office, go to a friend's house, and more without your buds leaving your ears.

2 What you hear is up to you

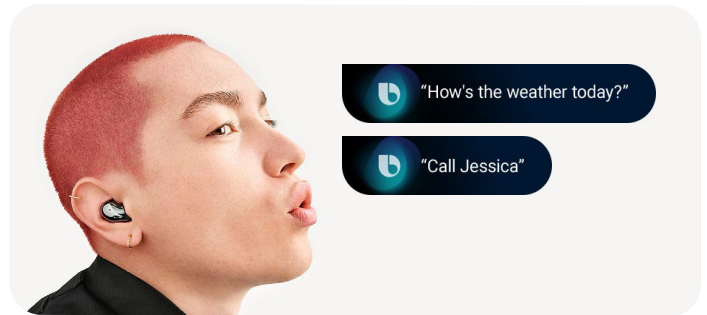

The first Active Noise Cancellation (ANC) for open type on Galaxy's true wireless buds keeps the noise out, but lets the world in. It reduces background noises without missing what's important, like announcements, so you hear more of what you want to hear.

3 Hear every sound come alive

Feel like you're in the front row. 1.2cm (12mm) speakers with sound by AKG work together with Galaxy Buds Live's ergonomic design to deliver spacious sound, while the large driver and bass duct help emit deep bass with airflow that lets sound flow seamlessly.

4 A smart assistant who listens

Bixby voice wake-up is ready whenever you call. It wakes up to your voice, letting you control your phone without lifting a finger. Manage your calls, adjust the volume, or check weather while on the move.

5 Words go through crisp and clear

With three built-in mics and Voice Pickup Unit, get the best call quality of true wireless earbuds. The Voice Pickup Unit senses when your jaw is moving and converts this data into voice signals to deliver enhanced sound quality.

6 Lasts for hours. Power for even more playtime

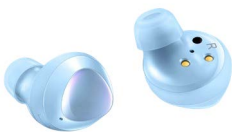

Stay powered with sound through work, play, and long after with Galaxy Buds Live's long-lasting battery. Just five minutes charge gets you an hour playtime. For a bit extra, use your smartphone's power to give Galaxy Buds Live a charge while on the go.

1 The earbuds changing the way you experience sound

Our first-ever wireless earbuds with 2-way dynamic speaker delivering sound by AKG with rich treble and bass along with boosted driver - all for a premium listening experience.

2 Speak without having to shout

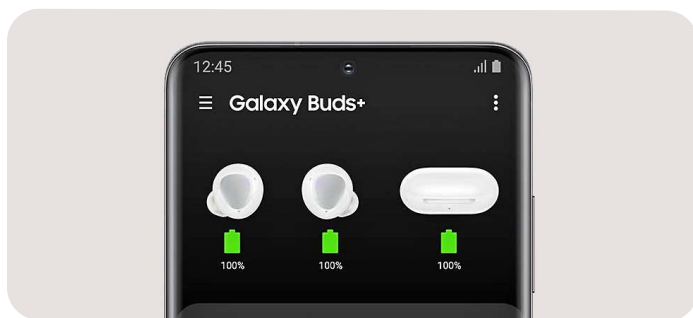

An adaptive 3-mic system for crystal clear calls and unparalleled voice quality with 2 innovative outer mics that pick up your voice and preserve it against background noises.

3 Fast charging for short pauses

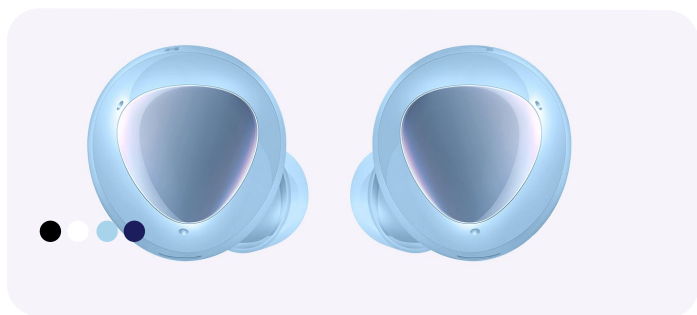

Enjoy up to 11 hours* of uninterrupted listening time on a single charge that extends up to 22 total hours with the Galaxy Buds+ charging case. Play more and worry less about charging. Just 3 mins^ of charging for 1 hr of play time.

4 Wireless buds, wireless charging

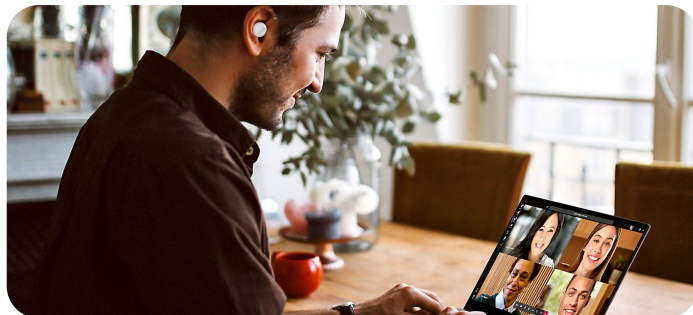

Replenish your battery on any Qi compatible wireless charger or skip the charger and conveniently share power directly from your Galaxy phone.

5 Turn heads with a hint of color

Galaxy Buds+ sleek, compact package comes in various colors with specially crafted ergonomic ear and wing tips that fit comfortably in your ear for long-lasting wear and unhindered movement.

6 Smoothly connect and control

Control the outside noise with Ambient sound mode. Change songs, answer calls and adjust volume with customizable taps on your earbuds and connect it to a Windows 10 PC to get work done at home.
