

SAMSUNG

Simply add items, during the wash.

Fully Automatic Front Loading Washing Machines 2016

Introducing a revolutionary new way to wash.

At Samsung, innovation is the key to all our products. No wonder, the new range of Samsung Fully Automatic Washing Machines come with a host of cutting edge features that are sure to change the way you wash your clothes.

AddWash™ - Add missed clothes or softener in between the wash cycle.

Washer & Dryer - The 4 stage air process of the Washer & Dryer Machines automatically dries clothes in less time.

Crystal Blue - With its beautifully crafted door the Crystal Blue washing machine provides a combination of an elegant look and advanced features.

Eco Bubble™ Technology - Bubbles penetrate deep into the clothes to remove stains and give a thorough wash.

Diamond Drum - The unique and smaller water exit holes embossed in diamond shaped depressions prevent clothes from getting damaged.

™Additional door in Addwash can be opened any time if the temperature inside the drum is below 50° C.

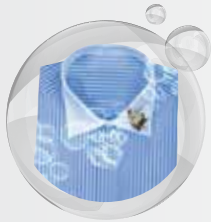

Advanced features for your convenience

ecobubble™ TECHNOLOGY

WASH COOL, SAVE ENERGY

The ecobubble™ technology saves a huge amount of energy^ by washing large loads at low temperatures, even in hard water.

Bubble Soak

FOR INTENSIVE STAIN REMOVAL

Remove a wide variety of stubborn stains with Bubble Soak technology#.

Diamond Drum

FOR GENTLE CLEANING OF CLOTHES

The unique diamond shaped depressions of the drum provide a greater care for your clothes and a thorough wash.

VRT Plus

FOR A SILENT WASH

Samsung's VRT Plus reduces noise and vibration, so you can do your laundry peacefully.

Durability for complete assurance

Get Complete Cover

FOR TOTAL CONFIDENCE

Samsung Fully Automatic Washing Machines are built for the toughest of conditions so you can stay stress free.

Eco Bubble Generator

FOR COMPLETE PEACE

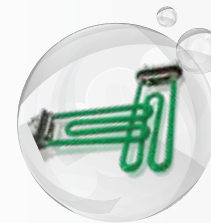

The energy efficient Eco Bubble Generator helps save energy for longer periods of time even with extensive use.

Digital Inverter Motor

FOR LONG TERM SAVINGS

Reduced noise and vibration prevents the wear and tear of the machines so it lasts a long time.

Ceramic Heater

FOR LONGER LIFE

The reduced heating time helps prolong the life of your machine. The surface stays free of scale build up, thanks to the porous surface and keeps your machine safe.

AddWash

Control and convenience at your fingertips.

The new Samsung AddWash™ has been designed to treat each piece of clothing differently, in a single wash. Its unique extra window can be opened any time to add missed clothes, pre-washed items and fabric softener, even in the middle of the cycle.

What's more, you can now decide whether your clothes need a full cycle wash, a light wash, just a rinse or spin. So now you have the convenience of a fully automatic combined with complete control of your washing.

washer & dryer

Washing and drying
all in one machine.

Samsung Washers and Dryers let you sit back and relax without having to check between washing cycles. It utilizes a 4 stage air process that draws fresh air into the water, heats it and then steams it over your clothes. Once the washing is done, the in-built dryer automatically starts the drying cycle.

Customized programs that meet all your drying needs.

Cupboard

Wash your cottons, towels, etc. with the standard program.

Time Drying

Set your preferred drying time with this manual program.

Low Temperature

The special drying program provides a gentle wash for your delicate clothes.

Easy Ironing

An innovative mode that leaves moisture on your clothes to make ironing easier.

DIGITAL INVERTER MOTOR

Looks amazingly good and does more.

Delight your clothes with Crystal Blue, a washing machine that exudes premium elegance and ergonomic refinement. The door finished in Deep Blue Crystal is also convenient to use due to its large size. The Crystal Blue Machine is loaded with features like Eco Bubble™, multiple wash modes and a smart monitoring feature that you can access via an app. The New Crystal Gloss Door, in Transparent White or Ocean Blue, offers an aesthetic appeal that can infuse your home with an ocean-like calm.

Smart washing modes to choose from.

Eco Bubble™ Technology

Give your clothes a refreshing wash with the innovative eco bubble™ technology. It gives your clothes a thorough yet gentle wash, even with hard water.

Personalize your wash

With quiet, quick and energy efficient wash cycle options you can pick the one best suited for your needs. If you need to wash clothes in a hurry, quick cycle is up to the task. And if you want to reduce your energy bill and be environment friendly, pick the energy efficient cycle.

Easy troubleshooting

The Samsung Crystal Blue washing machine includes Smart Check, an automatic error-monitoring system. It detects and diagnoses problems at an early stage. It then provides quick and easy troubleshooting solutions using a smartphone app#.

#Smartphone app runs on Android platform.

ecobubble™

TECHNOLOGY

Keep your clothes
as good as new.

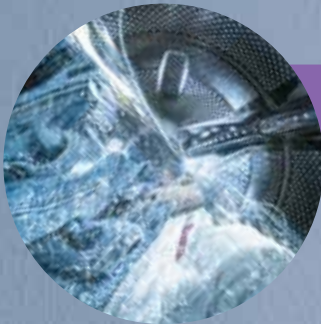

Repeated wash can deteriorate the quality of your clothes. But now you don't have to worry about losing the quality of your clothes while washing. Samsung's advanced fabric care through ecobubble™ technology and Bubble Soak, lets bubbles penetrate deep into delicate fabric and gently wash away stubborn stains without harming the texture of the fabric.

Washes gently and efficiently

Get perfectly washed clothes without the stress of energy consumption or any harm to the fabric.

The perfect fabric care

By avoiding a warm water wash it prevents damaging the fabric so your clothes remain soft and new.

Takes care of tough stains

The Bubble Soak technology can remove even the toughest of stains. It does this by first loosening the stains by thoroughly soaking the clothes in bubbles and then removing them completely.

Saves energy while washing

Uses less water at lower temperatures (15°) to save a lot more energy^ with the ecobubble™ technology.

diamond drum

T E C H N O L O G Y

Designed to protect your clothes.

Keeping your clothes safe when removing a tough dirt stain can be a big hassle. But with the unique Diamond Drum, it becomes a simple affair. The diamond shaped depressions in the drum removes deep seated dirt and reduces wash-related damage every time.

Gentle wash for tough stains

The clothes are treated to a gentle wash cycle due to small holes embossed in the diamond depressions that prevents the clothes from tangling.

Water exit hole

Water exit hole

Prevents washing damage

The Diamond Drum's smaller water exit holes prevent fabrics from sticking out and getting damaged.

A unique design for a better wash

The soft curl design of the drum creates a unique and gentle spin of the washboard. This allows for a thorough and penetrating wash.
