# Digi Life, Easy Life.

Digi-Touch Cool™ **5in1**

# Innovations that make life easy

The new range of Samsung Digi-Touch Cool™ 5in1 refrigerators brings intuitive and easy control at your fingertips.

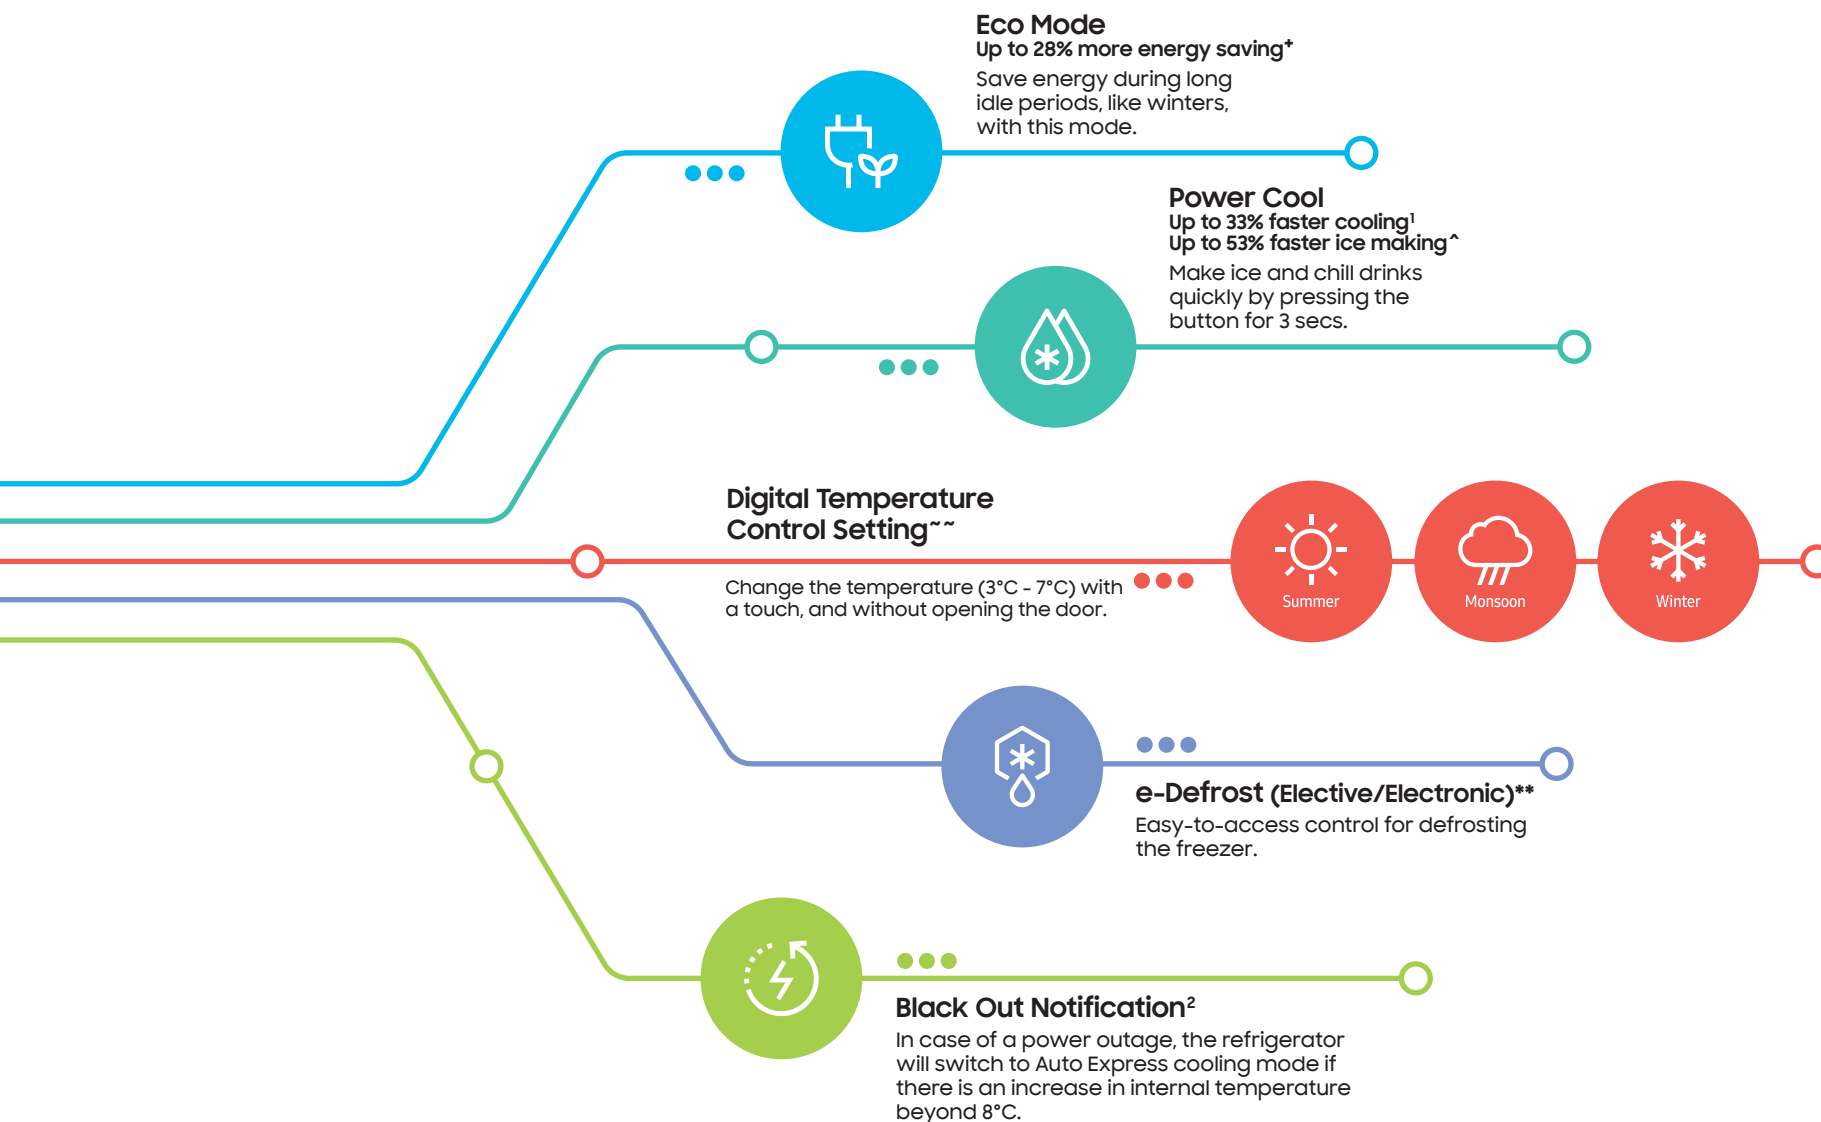

Now get all the information and control all functions with a futuristic touch panel. Not only does the innovative touch panel bring a dash of coolness to your kitchen, but it also makes controlling the most important functions of your refrigerator a breeze.

The Digi-Touch Cool™ 5in1 refrigerator offers all the style without missing on any of the substance.

# Digi-Touch Cool™ 5in1

The Digi-Touch Panel offers touch control for 5 key functions.

\*Up to 28% more energy saving result based on Samsung internal lab test conducted for RR2000TH vs normal fridge setting of Normal Mode (Normal Mode: 11.4kwh/Month, Eco Mode: 8.2kwh/Month) result vs Samsung Conventional Direct Cool models under 4th stage. <sup>1</sup>Up to 33% faster power cooling result based on Samsung internal lab test conducted for RR2000TH (under 4th stage) comparison vs Samsung Conventional Direct Cool models. <sup>^</sup>Result based on Samsung internal lab test conducted for RR2000TH (under 4th stage) comparison vs Samsung Conventional Direct Cool models. <sup>~</sup>6-step Precise Control vs Conventional Samsung Direct Cool Refrigerators Winter Point (1-2) Monsoon Point (3-4) and Summer Point (5-6). \*\*One touch electronic defrost by simply pressing the button on the door screen for 3 seconds the defrost icon turns on (vs Conventional Samsung Direct Cool Refrigerators). <sup>2</sup>Activated automatically on power resumption (for 30 minutes) only if the temperature inside the refrigerator goes above 8°C during power cut or no power supply. (To deactivate express cooling: press any key on the panel or open the fridge door once). All images, features, claims, specifications shown herein are for representational purpose only, actual may vary from model to model.

# The design story

Finally a refrigerator that is as elegant as it is futuristic. The new Samsung Digi-Touch Cool™ 5in1 not only comes in alluring designs and colours, but also has a cutting-edge touch panel that is simple and easy to use.

## Premium handle design

**Garo:** The horizontal Garo Handle is sleek, curvaceous and convenient.

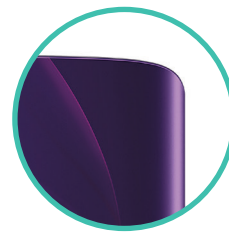

### Bar

This elegantly designed handle makes the refrigerator look chic.

### Island

This handle provides ease of access and its minimalist design looks modern.

## Premium door design

**Horizontal Curve:** Soft curves bring elegance to your kitchen.

### Grandé

A fine line aesthetically placed towards the bottom complements your style.

### Crown

The curved top of the refrigerator adds flair to your kitchen.

# Elegant patterns

# Reaching peak efficiency

## 5 star BEE rating\*\*

Samsung Direct Cool Refrigerators come with the highest mark of efficiency - 5 Star BEE rating. What it means is that you'll save a lot of money as well as help conserve the environment.

It also means that your refrigerator is using the best possible technology.

- All appliances can run on electricity generated by Solar Panels, within the voltage range of 100V - 300V.
- Current and Voltage in the batteries is regulated by the solar charge controller.
- In the evening, stored energy in the batteries is used by the SPCU to run appliances.

- Consumes less energy, runs on home inverter.
- The food remains fresh during power cuts.
- Keeps on running 24x7 even during power cuts.

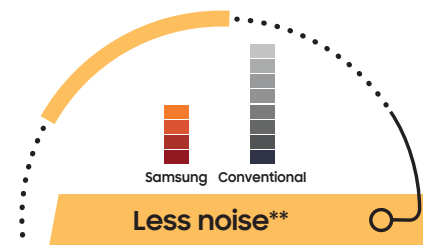

## 15 days full freshness\*\*

Fresh vegetables for up to 15 days.

## Energy savings^

- Saves up to ₹8190.
- Less energy consumption.
- Cuts down CO<sub>2</sub> emissions.

## Less noise\*\*

Cuts down noise by 40dB – 35dB as compared to conventional refrigerators.

## VDE certification####

When it comes to reliability, the VDE certification is respected around the world. And after testing the compressor of Samsung Refrigerators, VDE has certified that it will run for as long as 21 years.

## Reliability

- Reliable and durable.
- 10 year warranty#.

## (100V - 300V\*\*)

Sustains wide voltage fluctuations between 100V - 300V.

\*\*Available in select models only. ~Connection subject to solar panel capacity installed at customer's premises. \*Connection subject to home inverter capacity. \*\*Result based on Samsung's internal Lab Test conditions. Results may vary depending on different test conditions. ^Energy Savings are calculated over a period of 10 years [at the rate of ₹6 per kWh (i.e., per unit)] and may differ basis respective state electricity tariff rates. Energy Saving calculation is made in comparison between Samsung RR19T20BARH 1 star model and RR21T2G2W9R, 5 star with DIT model. ####Result based on test conducted by VDE under ideal test conditions on compressor of select models only. #10 year warranty on compressor only. All products, images, features shown herein are for representational purpose only, actual may vary from model to model.

# Exclusive features

## Energy efficiency\*\*\*

With Digital Inverter, the refrigerator only gets as much cooling as it needs. The compressor regulates its speed within 5 levels and puts your energy to good use.

## 15 days full freshness\*\*

The new Digi-Touch Cool™ 5in1 range keeps vegetables fresh for up to 15 days. Now you can enjoy first day freshness, for up to 15 days.

## 5 shelves

5 shelves come with a load bearing capacity of up to 175 kg. This gives you the freedom to store more food items.

# Make tasty and hygienic curd in 3 easy steps

## Step 1 Mix starter/culture

Take out the container from the Curd Maestro™ and add curd starter/culture in the lukewarm milk and mix it well. Now put the container back in the Curd Maestro™.

## Step 2 Fermentation

Press 'Curd' button on the display to select 'Soft' or 'Thick' option as per your preference. It takes approx. 6.5 hours (for soft)~~ and 7.5 hours (for thick)~~ for fermentation.

## Step 3 Serve/Store

The 'Serve' icon would turn on as an indication that the curd is ready to serve. Curd can also be stored for up to 3 days in the Curd Maestro™.
