THE STRAITS TIMES
DIGITAL
EDITOR'S CHOICE

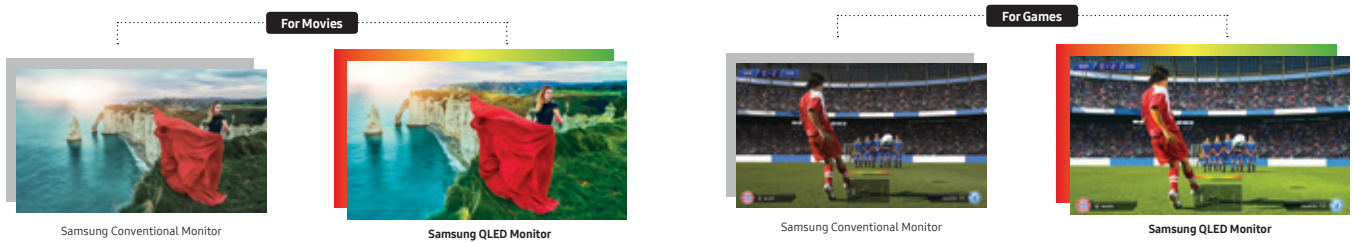

Quantum dot technology for a wider range of more realistic colours

Supports up to 125% sRGB colour space for more vivid and natural colours. Your content comes alive on the screen, be it gaming to web browsing or document work.

I SAMSUNG QLED MONITOR — BETTER CHOICE FOR COLOUR ACCURACY

With its unique combination of wider colour range and greater brightness, Samsung's Quantum Dot technology delivers more lifelike and clearer images than conventional monitor technologies. For business users who demand high colour quality, home users who want to enjoy games, movies, and photos in their true colours, and anyone who needs to be sure the colours they see online exactly match the real thing, Samsung QLED Monitors provide the ultimate solution.
