¹Viewing experience may vary according to types of content and format. ²AI Upscaling may not apply to PC connection, and certain conditions of Game Mode. ³QLED TVs have received verification from world-class testing and certification association, Verband Deutscher Elektrotechniker (VDE), for its ability to produce 100% colour volume. 100% colour volume measured to DCI-P3 Standard. ⁴The range of Quantum HDR claims luminance based on internal testing standards and is subject to change according to viewing environment or specific conditions. ⁵Direct Full Array numerical index is an internal standard based on backlighting, anti-reflection and contrast enhancement technologies. ⁶Bixby service availability requires Samsung Account login and data connection. Available functions and features may vary by country, region, and language. Bixby is limited to selected languages and certain accents/dialects. Not all accents, dialects, and expressions are recognised, and actual performance may vary depending on pronunciation, voice level, and the surrounding environment.

⁶The 'One Invisible Connection' refers to a single, transparent optical cable connected to the One Connect Box including the TV power integrating external device cables, but it does not refer to cables connected to other devices such as a soundbar. ⁷Subject to device compatibility. Devices must be connected to One Connect Box via HDMI cable. ⁸Subject to device compatibility. Design of One Master Remote Control may vary by models. ⁹Measured from rear end of the TV, the gap may differ based on the installation and wall type. No Gap Wall-mount sold separately. ¹⁰The Magic Screen background setting feature may vary depending on the environment where the TV is installed including, but not limited to, wall designs, patterns, and/or colours. ¹¹Warranty is limited to burn-in that occurs in 4K QLED TVs under conventional TV viewing conditions and does not cover burn-in that occurs in QLED TVs that are used for business purposes.
