

The all-new powerful Note

**SAMSUNG Galaxy Note9**

# The connected S Pen

## The remote control you never knew you needed

For the first time ever, the S Pen harnesses the power of **Bluetooth® technology**, acting as a remote assistant for your Galaxy Note9 to accomplish so much more.

With just a click, you're able to snap that perfect shot without rushing to beat the timer or struggling to take that epic wefie. Compatible with **Native and Third Party Apps**<sup>1</sup>, your S Pen can be used to play, pause and switch between photos in the Gallery or YouTube videos.

You can also **deliver amazing presentations** as you use the S Pen to navigate through your slides. For more control, set custom functions to fit your needs.

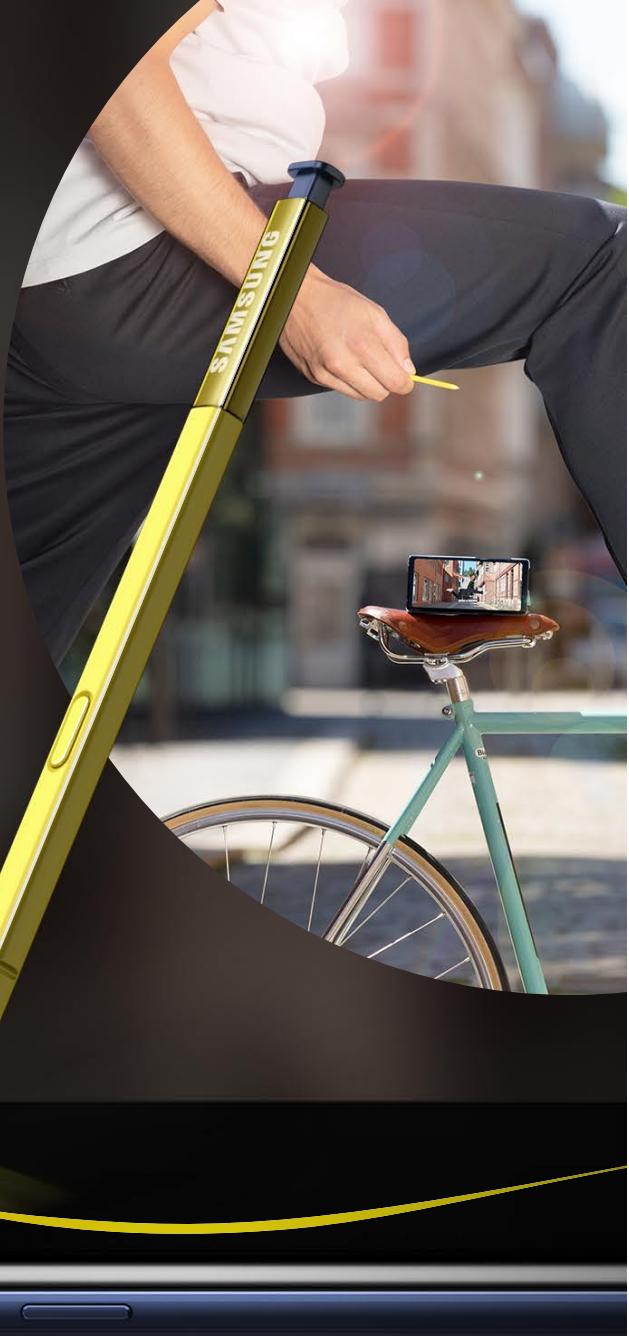

## Add a personal touch to your messages

The S Pen joins forces with **AR Emoji** to bring your **Live Messages** and chats to life. Express yourself by doodling or drawing on your personalised emoji or with a handwritten note.

## Note-taking has never been more stylish

Pop out the S Pen to take instant notes on the Screen Off Memo. Now you can capture your thoughts and ideas on the go with a unique flair. The notes are instantly saved and you can pin it to the Always On Display or find it in the Samsung Notes app.

Multicoloured options

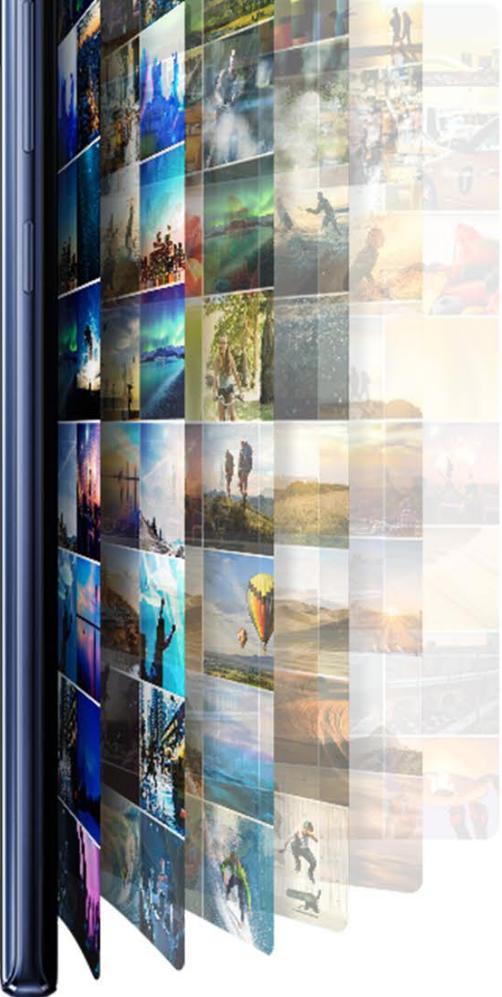

# Powerful enough to keep up with you

Internal Storage	External Storage	More Than
512 GB	512 GB	= 1 TB (stores ≈ 512,000 images)*

## Created to store more, so you delete less

In addition to the internal storage of up to 512GB<sup>2</sup>, the Galaxy Note9 can support an external microSD card up to 512GB<sup>3</sup>, giving you an incredible **>1TB worth of space**. No more deleting memories to make space for new ones.

\*Based on the assumption that 1 image = 2MB

## All day power on just a single charge

The most powerful battery in the Note series, the **4,000mAh battery** is made to get you through your entire day<sup>4</sup>. Also, you can easily power up with ultrafast wireless charging<sup>5</sup> to get your Galaxy Note9 back to 100%.

## Remarkable speed and performance

Whether you're gaming, streaming, or both, the 10nm processor and **8GB RAM**<sup>6</sup>, together with access to lightning fast networks<sup>7</sup>, deliver a faster experience so you can do much more.

# Experience even more with our largest Infinity Display ever

Be fully immersed in the cinematic experience

Designed to give you the big screen experience regardless of where you are, the Galaxy Note9 comes with a 6.4-inch<sup>8</sup> Quad HD+<sup>12</sup> Super AMOLED screen, AKG-tuned stereo speakers and Dolby Atmos for stunning visuals and sound that is parallel to none.

Pixels per inch Resolution

516 2960 x 1440

## See more for easier multitasking

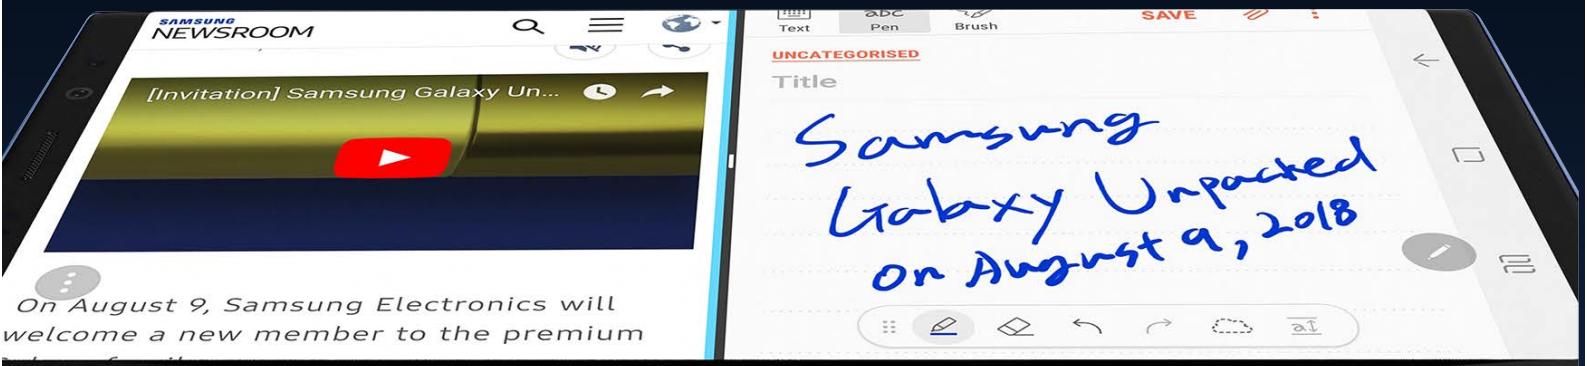

Having the largest screen in the Note series means you never have to miss a thing when you launch two apps at once on a split screen with Multi Window and App Pair.

App Pair

Multi Window

# A camera so smart, it's intuitive

**F2.4**

aperture mode

In the daylight, the lens shifts to F2.4 mode to help your picture come out sharp.

**F1.5**

aperture mode

If it's dark, the lens opens to F1.5 mode to pull in light for a bright and clear photo.

\*The rear wide-angle lens supports F1.5 and F2.4 modes.

## The revolutionary camera that adapts to the human eye

With Dual Aperture, the Galaxy Note9 automatically adjusts to lighting conditions, enabling you to take stunning shots day or night.

## Your secret to frame-worthy shots every time

The Galaxy Note9 not only alerts you of common photo-taking glitches, it also offers solutions for you to capture that perfect shot.

The camera features intelligent scene recognition that can identify up to 20 different scenes and optimises its colour saturation, white balance, and brightness.

Also, Live Focus and Bokeh Effects enable you to adjust the depth of field, ensuring that every single shot is your best portrait.

# Create your own avatar

## Creative ways to express the unique you

Explore a whole new way of expressing yourself with the expanded variety of AR Emoji options. From more expressive facial features, accessories, and apparel options, there are endless ways of making your avatar truly your own.

Add even more magic to your selfies and videos by taking on the look of everyone's favourite Disney as well as Pixar faces, and have fun creating truly unforgettable messages today.

<sup>1</sup>S Pen remote function support may vary by app.

<sup>2</sup>Actual user-accessible internal memory is less than specified total memory due to storage of the operating system and software used to operate the device features, and other built-in applications, and may vary after software updates/upgrades.

<sup>3</sup>MicroSD card sold separately.

<sup>4</sup>Tested by Strategy Analytics from 11-24 Jul 2018 in USA and UK with pre-release version of SM-N960 (128GB), estimated based on its 2017 'Average User' usage profile. Actual battery life varies by network, features and apps used, frequency of calls and messages, battery condition, and other factors.

<sup>5</sup>Requires use with compatible wireless charger and Adaptive Fast Charging Adapter. Wireless Charger Duo sold separately.

<sup>6</sup>8GB RAM is only applicable for 512GB model.

<sup>7</sup>Actual experienced speeds may vary by country, carrier, network, environment, product condition, content source and other relevant factors.

<sup>8</sup>Measured diagonally as a full rectangle without accounting for the rounded corners.

<sup>9</sup>Accuracy of Intelligent Scan may differ depending on surrounding conditions, and may be unable to read your iris where view of your iris is impaired or the appearance of your iris changes, including where you are wearing certain types of glasses or coloured contact lenses. Do not use with infants, please consult a doctor before use if you have epileptic or other medical conditions.

<sup>10</sup>Samsung Dex requires use with external display. External display and accessories including HDMI adapter sold separately.

<sup>11</sup>Tested to MIL-STD-810G, Method 516.7, Procedure IV, under certain defined test conditions.

<sup>12</sup> Default resolution is Full HD+ and can be changed to Quad HD+ (WQHD+) in Settings.

<sup>13</sup> Dust and Water Resistant (IP68 rating) means that the device is protected against entry of solid foreign objects, and harmful ingress of static fresh water at up to 1.5 metres, for up to 30 minutes, under certain defined test conditions.

According to accredited test results; individual results may vary. Note: IP68 rating does not mean that the device is waterproof.

<sup>14</sup> Support for LAA will be regulatory dependent.

<sup>15</sup> Galileo and BeiDou coverage may be limited.
