Galaxy S9 | S9+

The Camera. Reimagined.

Image shown is a Galaxy S9+

Experience the epic, every day

A combination of performance and purpose, the Galaxy S9/S9+ were made to turn everyday moments into epic experiences.

Its category-defining **Dual Aperture¹** camera adapts to various lighting conditions, **Super Slow-mo²** capabilities reveal moments within a moment, and unique **AR Emoji** infuse more self into expression.

For double the delight, the superior **Dual Camera** with Live Focus and 2x Optical Zoom on the Galaxy S9+ will give you all you need to take professional portraits.

And finally, look no further than the hallmark **Infinity Display³** and **premium stereo speakers tuned by AKG** alongside **virtual surround sound by Dolby Atmos** for best-in-class entertainment. Choose from a stunning selection of colours: **Lilac Purple, Coral Blue and Midnight Black** - to perfect the present that is yours to experience.

Revolutionary camera that adapts like the human eye

f1.5

f2.4

The Galaxy S9 and S9+ feature a category-defining **Dual Aperture** that adapts like the human eye, shifting from f2.4 in bright daylight to a small f1.5 in super low light conditions, giving you the perfect shot no matter the time of day. Now, you can capture both day and night with stunning clarity.

f1.5 aperture mode

If it's dark, the lens automatically adjusts to f1.5 mode to pull in light to take a bright and clear photo

f2.4 aperture mode

In the bright daylight, the lens shifts to f2.4 mode to sharpen your picture

Super Slow-mo

Reverse

Loop

Swing

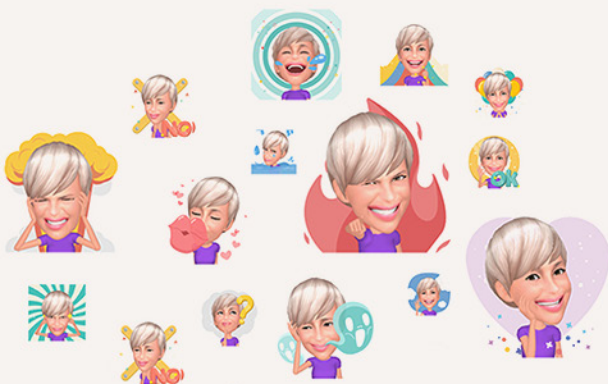

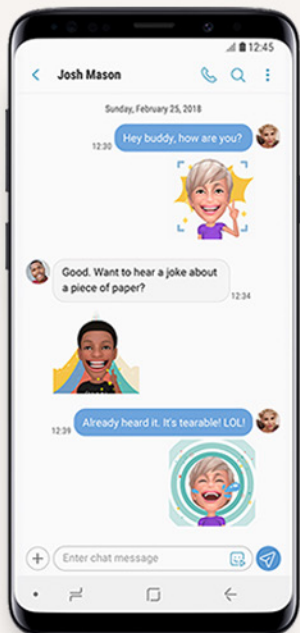

Reveal the moments within a moment

Delve into delightful drama with **960fps Super Slow-mo**, and capture the wonder in every moment. Use **Auto Mode** to score the shot you want at the perfect point, and jazz up your videos with preloaded **background music** or a song of your choice. You can even turn clips into **shareable GIFs** with three styles - Reverse, Loop, or Swing – and set any one as your lock screen to re-live the fascinating stories that exist within a second.

The real you, augmented for all kinds of self-expression

Express yourself like never before and bring your conversations to life with personalised **AR Emoji** stickers and videos. Just snap a selfie to generate your virtual character, customise it to best represent your likeness, and you'll be all set to express yourself like never before.

Cinematic experiences on the go

Bring your visual escapades beyond the bezel with brilliant visuals made more immersive by the enhanced **Infinity Display**, which features a high 18.5:9 aspect ratio and larger screen-to-body ratio to rouse your senses and captivate your full attention.

For a compellingly realistic and powerfully dramatic auditory experience, the **premium Stereo Speakers tuned by AKG** and **virtual Surround Sound powered by Dolby Atmos** will create a crisp and clear three-dimensional surround sound landscape designed to delight and exhilarate, bringing the cinema to wherever you are.

Intelligent Scan

Security within reach

With **Intelligent Scan⁵**, unlock your phone easily with convenient technology that utilises a combination of both **Face Recognition** and **Iris Scan** depending on various lighting conditions, getting you into your phone faster, day or night.

Flip your Galaxy S9 or S9+ over to reveal its new user-friendly rear design, with a neater and more ergonomic layout that keeps the **Fingerprint Sensor** within your reach.

Transfer data at your own convenience

Smart Switch⁶ gives you the freedom to seamlessly transfer content such as apps, contacts, messages, photos, videos, calendar events, and even customised device settings from an old device to your new Galaxy S9/S9+ - so you can pick up right where you left off.

Get Smart Switch app

Ensure that both your devices have the latest version of **Smart Switch** installed. The app can be downloaded from both Google Play and Galaxy Apps.

Connections made simple

Transfer the data you want via a USB cable, Wi-Fi® network, and - on the latest version of the app - external storage platforms such as SD cards and USB storage devices. Just choose the method you feel most comfortable with. Leave everything else to Smart Switch.

¹ Dual Aperture supports f1.5 and f2.4 modes. Only available on the rear camera of Galaxy S9 and rear wide camera of Galaxy S9+.

² Super Slow-mo only supports HD resolution. Limited to 20 shots per video with approximately 0.2 seconds of recording and 6 seconds of playback for each shot.

³ Infinity Display: a near bezel-less, full-frontal glass, edge-to-edge screen.

⁴ Actual user-accessible internal memory is less than specified total memory due to storage of the operating system, software, and software used to operate the device features, and other built-in applications, and may vary after software/ upgrades.

⁵ Accuracy of Intelligent Scan may differ depending on surrounding conditions, and may be unable to read your iris where view of your iris is impaired or the appearance of your iris changes, including where you are wearing certain types of glasses or coloured contact lenses. Do not use with infants, please consult a doctor before use if you have epileptic or other medical conditions.

⁶ Content supported may vary depending on operating system and device model. Please secure and back up all data and material before proceeding. Any loss (including confidentiality) is at user's risk. Detailed disclaimers apply. Please see www.samsung.com/sg/smartsuitch for more details.

⁷ Only valid for customers who have purchased Galaxy S9/S9+. Other terms and conditions apply.

⁸ Galaxy S9 and S9+ for Singapore is LTE Cat 18 capable. Support up to 1.2Gbps is dependent on the operator network. For Android users, download "Samsung Trade Up (SG)" app from Google Play Store. For iOS users, download "Trade Smartly" app from App Store.

⁹ microSD card sold separately.

¹⁰ Fast charging requires use of Adaptive Fast Charger. Fast Wireless Charger Stand sold separately.

¹¹ Dust and Water Resistant (IP68 rating) means that the device is protected against ingress of dust, and ingress of static fresh water at up to 1.5 metres, for up to 30 minutes, under certain defined test conditions. According to accredited test results; individual results may vary. Note: IP68 rating does not mean that the device is waterproof.

Note: Certain features, services and applications (including 4G+ LTE) are dependent on network connectivity and may not be available in all coverage areas. Additional data charges may apply.
