

Size: 110*220 mm
Total size (Included QR code): 110*230 mm
Material : ART + UV coating

라벨 원지

The image shows a standard European energy label for a Samsung refrigerator. At the top left is the Ukrainian national flag. To its right is the logo 'ЕНЕРГО' in large blue letters, with the word 'ефективність' (effectiveness) in smaller white letters on a blue background below it. Below the logo, the brand name 'SAMSUNG' and model number 'RB34C670EB1' are printed in bold black text. The central part of the label features a scale of energy efficiency classes from A+++ (dark green) at the top to D (red) at the bottom. A black arrow points to the 'A+' class, indicating the refrigerator's energy rating. Below this scale, the text 'ЕНЕРГО СПОЖИВАННЯ' (Energy consumption) is printed. To the right of this text, the energy consumption value '300' is displayed in large black font, with 'кВт·г/ рік' (kWh/year) written below it. At the bottom of the label, there are three icons in rounded blue boxes: a 1-liter milk carton icon with '228 л' (liters) below it; a snowflake icon with a frost-free symbol and '112 л' (liters) below it; and a speaker icon with '37 дБ' (decibels) below it.
