Rational

1. Sign in (**Step1**)
For B2B Partner (non Samsung Employee)
2. **Multi-factor Authentication**
2-1 QR Code (Key) issuance screen
: Issuance for first time or for reset (requesting reissuance 24 hours after initial issuance)

! Install and launch Authenticator Application on your phone at first. (e.g Google OTP, Microsoft Authenticator)

! If QR Code is not displayed or you can not use camera, you can enter a Key in authenticator App manually.

3. **Multi-factor Authentication**
Enter PIN (OTP Code)
: OTP code input screen. OTP is generated from OTP app in device. OTP : One Time Password

If you get a message that 6 digit is not valid, please wait up to 30 seconds to get a new 6 code and try to authenticate it.

4. Sign in (**Step2**)
5. PIN(**OTP**) Reset
If there is no E-Mail, request to reactivate long-term non-user. The current policy allows requesting reissuance 24 hours after initial issuance.

6. Download Manual

(Popup) Pin(OTP) Reset / Re-activate Account

Pin(OTP) Reset / Re-activate Account

1 User ID*	hqitc
2 E-Mail *	<input type="text"/>
3 Name *	<input type="text"/>
4 Purpose of request *	<input type="text"/>
5 Project in progress *	<input type="text"/>
6 GMC Contact Email	<input type="text"/>

The e-mail of the person in charge in GMC

7 Re-activate Account **8** PIN(OTP) Reset

Rational	
1.	Multi-factor authenticator PIN Reset
2.	Reactivation function for long-term non-users
1.	WMC User ID
2.	WMC User Email Modification is possible when long-term non-users are reactivated * Required
3.	WMC User Name * Required
4.	Reset / For reactivation of long-term non-user purposes * Required
5.	Affiliated Project * Required
6.	Email of Person of Charge in GMC This request is cc'd to GMC contact in charge of the project * Optional
7.	Request if there is no e-mail due to long-term non-use Request to reactivate long-term inactive user account E-Mail will be sent to HQ ITC, and long-term unused will be released after approval.
8.	Multi-factor authenticator Pin code(OTP) re-issuance request The current policy allows reissuance 24 hours after initial issuance.
OTP : One Time Password	

Request AEM authority on WMC

The screenshot shows the WMC navigation menu. Under the 'P6 AEM' section, the 'Request' link is highlighted with a red box and a circled '1'. Under the 'P6 DEV' section, the 'Request' link is highlighted with a red box and a circled '2'. The 'Request' link under 'P6 AEM' has a sub-menu with 'AEM Auth', 'QA Auth', and 'GMC Jira'. The 'Request' link under 'P6 DEV' has a sub-menu with 'Stage' and 'Development'.

The screenshot shows the 'Request Guide Link' form. The 'Title' field contains 'P6 AEM Authority Request'. The 'Type Of Issue' dropdown is set to 'Authority_Mapping' and is highlighted with a red box and a circled '3'. The 'Status' dropdown is set to 'Open'. The 'Access to Confluence' dropdown is set to '예'. The 'AEM Group / JIRA Role' dropdown is set to 'DMM'. The 'Site_Code' dropdown is set to 'global (all-sites)'. The 'E-Mail', 'First Name', and 'Last Name' fields are empty.

1. Refer to the 'AEM_Authority_Request_Guide' to fill-in forms.
2. If you see an alert popup when clicking 'P6 Authority request', that means you don't have an account on P6 AEM. Please contact to hq.itc@samsung.com.
3. User should not request p6 authority for other users, that is why we check whether your account exists.

Rational

1. P6 Authority Request
 - AEM Auth : AEM(PIM) Author Banner
 - QA Auth : QA, Preqa, Preqa2
 - GMC Jira : Dotcom Operation Jira(GMC Jira)
2. Stage, Dev Authority Request for Dev Team
 - Stage : Author, QA, Publish
 - Dev : Author, QA, Publish
3. **Type of Issue**
 - Authority_Mapping
 - Authority mapping with Role, Site Account_Extension
 - If your account has expired, you can request it through Authority request
 - You have to **Re-activate Account** in advance.

Add permission and group to account
 → See AEM Authority Request Guide - [Authority_Mapping](#)

Request a one year extension for expired account or due to expire. You can extend your account until 1 year after you apply.
 → See AEM Authority Request Guide - [Account_Extension](#)

Request "Direct Request(PIM)" permissions for your account.
 → See AEM Authority Request Guide - [Direct_Request\(PIM\)](#)

Change account status to active
 → See AEM Authority Request Guide - [Account_Active](#)

Step 2

Multi-factor Authentication

2. Scan QR Code OR input Key this with the Authenticator

※ Key

EGXEKLCDKWNKDKEFH

2. Please enter the pin from your authenticator

3. PIN(OTP) for {wmc ID}

4. Sign in

5. PIN(OTP) Reset

6. Manual

Multi-factor Authentication

3. PIN(OTP) for {wmc ID}

4. Sign in

5. PIN Reset

6. Manual

Rational

1. Sign in (**Step1**)
For Samsung Employee
2. **Multi-factor Authentication**
2-1 QR Code (Key) issuance screen
: Issuance for first time or for reset
(requesting reissuance 24 hours after initial issuance)

! Install and launch Authenticator Application on your phone at first. (e.g Google OTP, Microsoft Authenticator)

! If QR Code is not displayed or you can not use camera, you can enter a Key in authenticator App manually.

3. **Multi-factor Authentication**
Enter PIN (OTP Code)
: OTP code input screen. OTP is generated from OTP app in device.
OTP : One Time Password

If you get a message that 6 digit is not valid, please wait up to 30 seconds to get a new 6 digit and try to authenticate it.

4. Sign in (**Step2**)
5. PIN(**OTP**) Reset
If there is no E-Mail, request to reactivate long-term non-user.
The current policy allows requesting reissuance 24 hours after initial issuance.

6. Download Manual

(Popup) Pin(OTP) Reset / Re-activate Account

Pin(OTP) Reset / Re-activate Account

1 User ID*	hqjtc
2 E-Mail *	<input type="text"/>
3 Name *	<input type="text"/>

Authority_Mapping

 - Authrotyi mapping with Role, Site Account_Extension
 - If your account has expired, you can request it through Authority request
 - You have to **Re-activate Account** in advance.

Add permission and group to account

→ See AEM Authority Request Guide - [Authority_Mapping](#)

Request a one year extension for expired account or due to expire. You can extend your account until 1 year after you apply.

→ See AEM Authority Request Guide - [Account_Extension](#)

Request "Direct Request(PIM)" permissions for your account.

→ See AEM Authority Request Guide - [Direct_Request\(PIM\)](#)

Change account status to active

→ See AEM Authority Request Guide - [Account_Active](#)

- Refer to the 'AEM_Authority_Request_Guide' to fill-in forms.
- If you see an alert popup when clicking 'P6 Authority request', that means you don't have an account on P6 AEM. Please contact to hq.itc@samsung.com.
- User should not request p6 authority for other users, that is why we check whether your account exists.

AEM Authority Request Guide - P6 QA Access

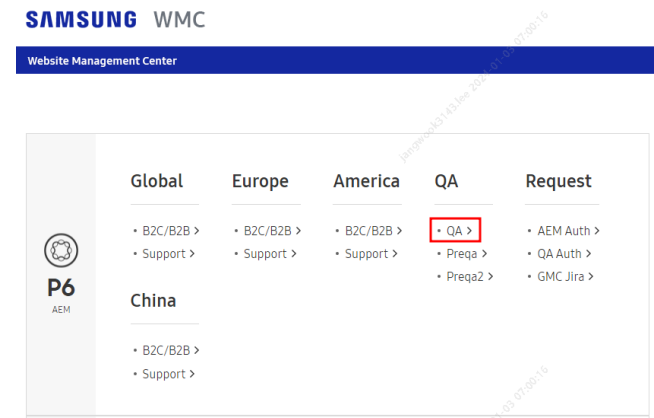

Choose 'QA Auth' to apply for a QA account.

Enter the necessary information and submit your application.

Your account should be automatically activated within 1 hour. Once your account is activated, you can access the P6 QA URL through P6>QA.

You can then replace the url with the QA page url you would like to review. ex) <https://p6-qa.samsung.com/uk/>
